11 BUSES VANDALIZED

Five men worked around the clock to mend the eleven buses that were vandalized early Monday morning. All eleven buses had holes punched in their radiators. (Staff Photo)

RETAILERS STUDY PARKING PROBLEM

On Tuesday, March 6th at the Savings and Loan building a special and unprecedented meeting took place. The meeting was called by the Retail Committee of the Chamber of Commerce. They invited both members and non-members of the Chamber, and those who are connected with the retail business in Antioch to join together to discuss and hopefully work out some of their common problems.

This is the first time the retail community has joined together for such a meeting. Seven main points were discussed that night and they included unification, parking, traffic patterns, beautification, a common logo, common store fronts and Village Government.

The parking problem in Antioch was the biggest issue that was discussed. It was obvious to all that there is a shortage of customer parking on the East side of Main Street, but a solution to the problem is not as easy to see. It was mentioned that store employees take the closer parking places and that if a special lot was assigned to Village employees more immediate parking spaces would be available. It was also suggested a parking lot be put in east of Main Street behind the stores. If this were to be done however, it would mean that store owners would have to

ALBERT DITTMAN V.I.P. 1973

This year's V.I.P. who will be honored at St. Peter's V.I.P. Dinner-Dance on March 31st is Mr. Albert Dittman. The fifth man to receive this honor, Mr. Dittman follows Rudy Eckert, Bill Brook, Dr. Petty, and Mr. James McMillan, who was the first V.I.P.

Mr. Dittman came to Antioch with his family in 1952 and on July 1st of that same year he began his 20 year term as Superintendent of the Antioch High School. Before that time he served 5 years as the principal at Marseilles High School.

Although Dittman has been involved in the educational field for the past 36 years, 25 of these years were served in administration and the remaining 11 years were in teaching.

He had been part of the Social Studies program and taught such courses as American History and Economics as well as coaching many a track, football and basketball team. In 1942 Al coached an undefeated football team in Marengo, Illinois, and the members of that team still get together for reunions.

Both Mr. Dittman and his wife Belinda graduated from

In the early morning hours of March 12th, vandals decommissioned all of the Antioch High School buses. They never left the parking lot that morning as the head custodian, Porter Larson, discovered all 11 buses had holes punched in the radiators.

The damage appears to have been done with a tire iron or a long screw driver, both of which would have had a long enough blade to pass through the grill to puncture the radiators.

Superintendent Warren Polley said he had "no idea" how much damage was done to the buses or who had committed the crime. Although he did comment that the crime was evidently premeditated as the

vandals came equipped with the necessary instrument to puncture the radiators. It wasn't as though someone was passing through the parking lot, saw a rock and then decided to throw it through a window.

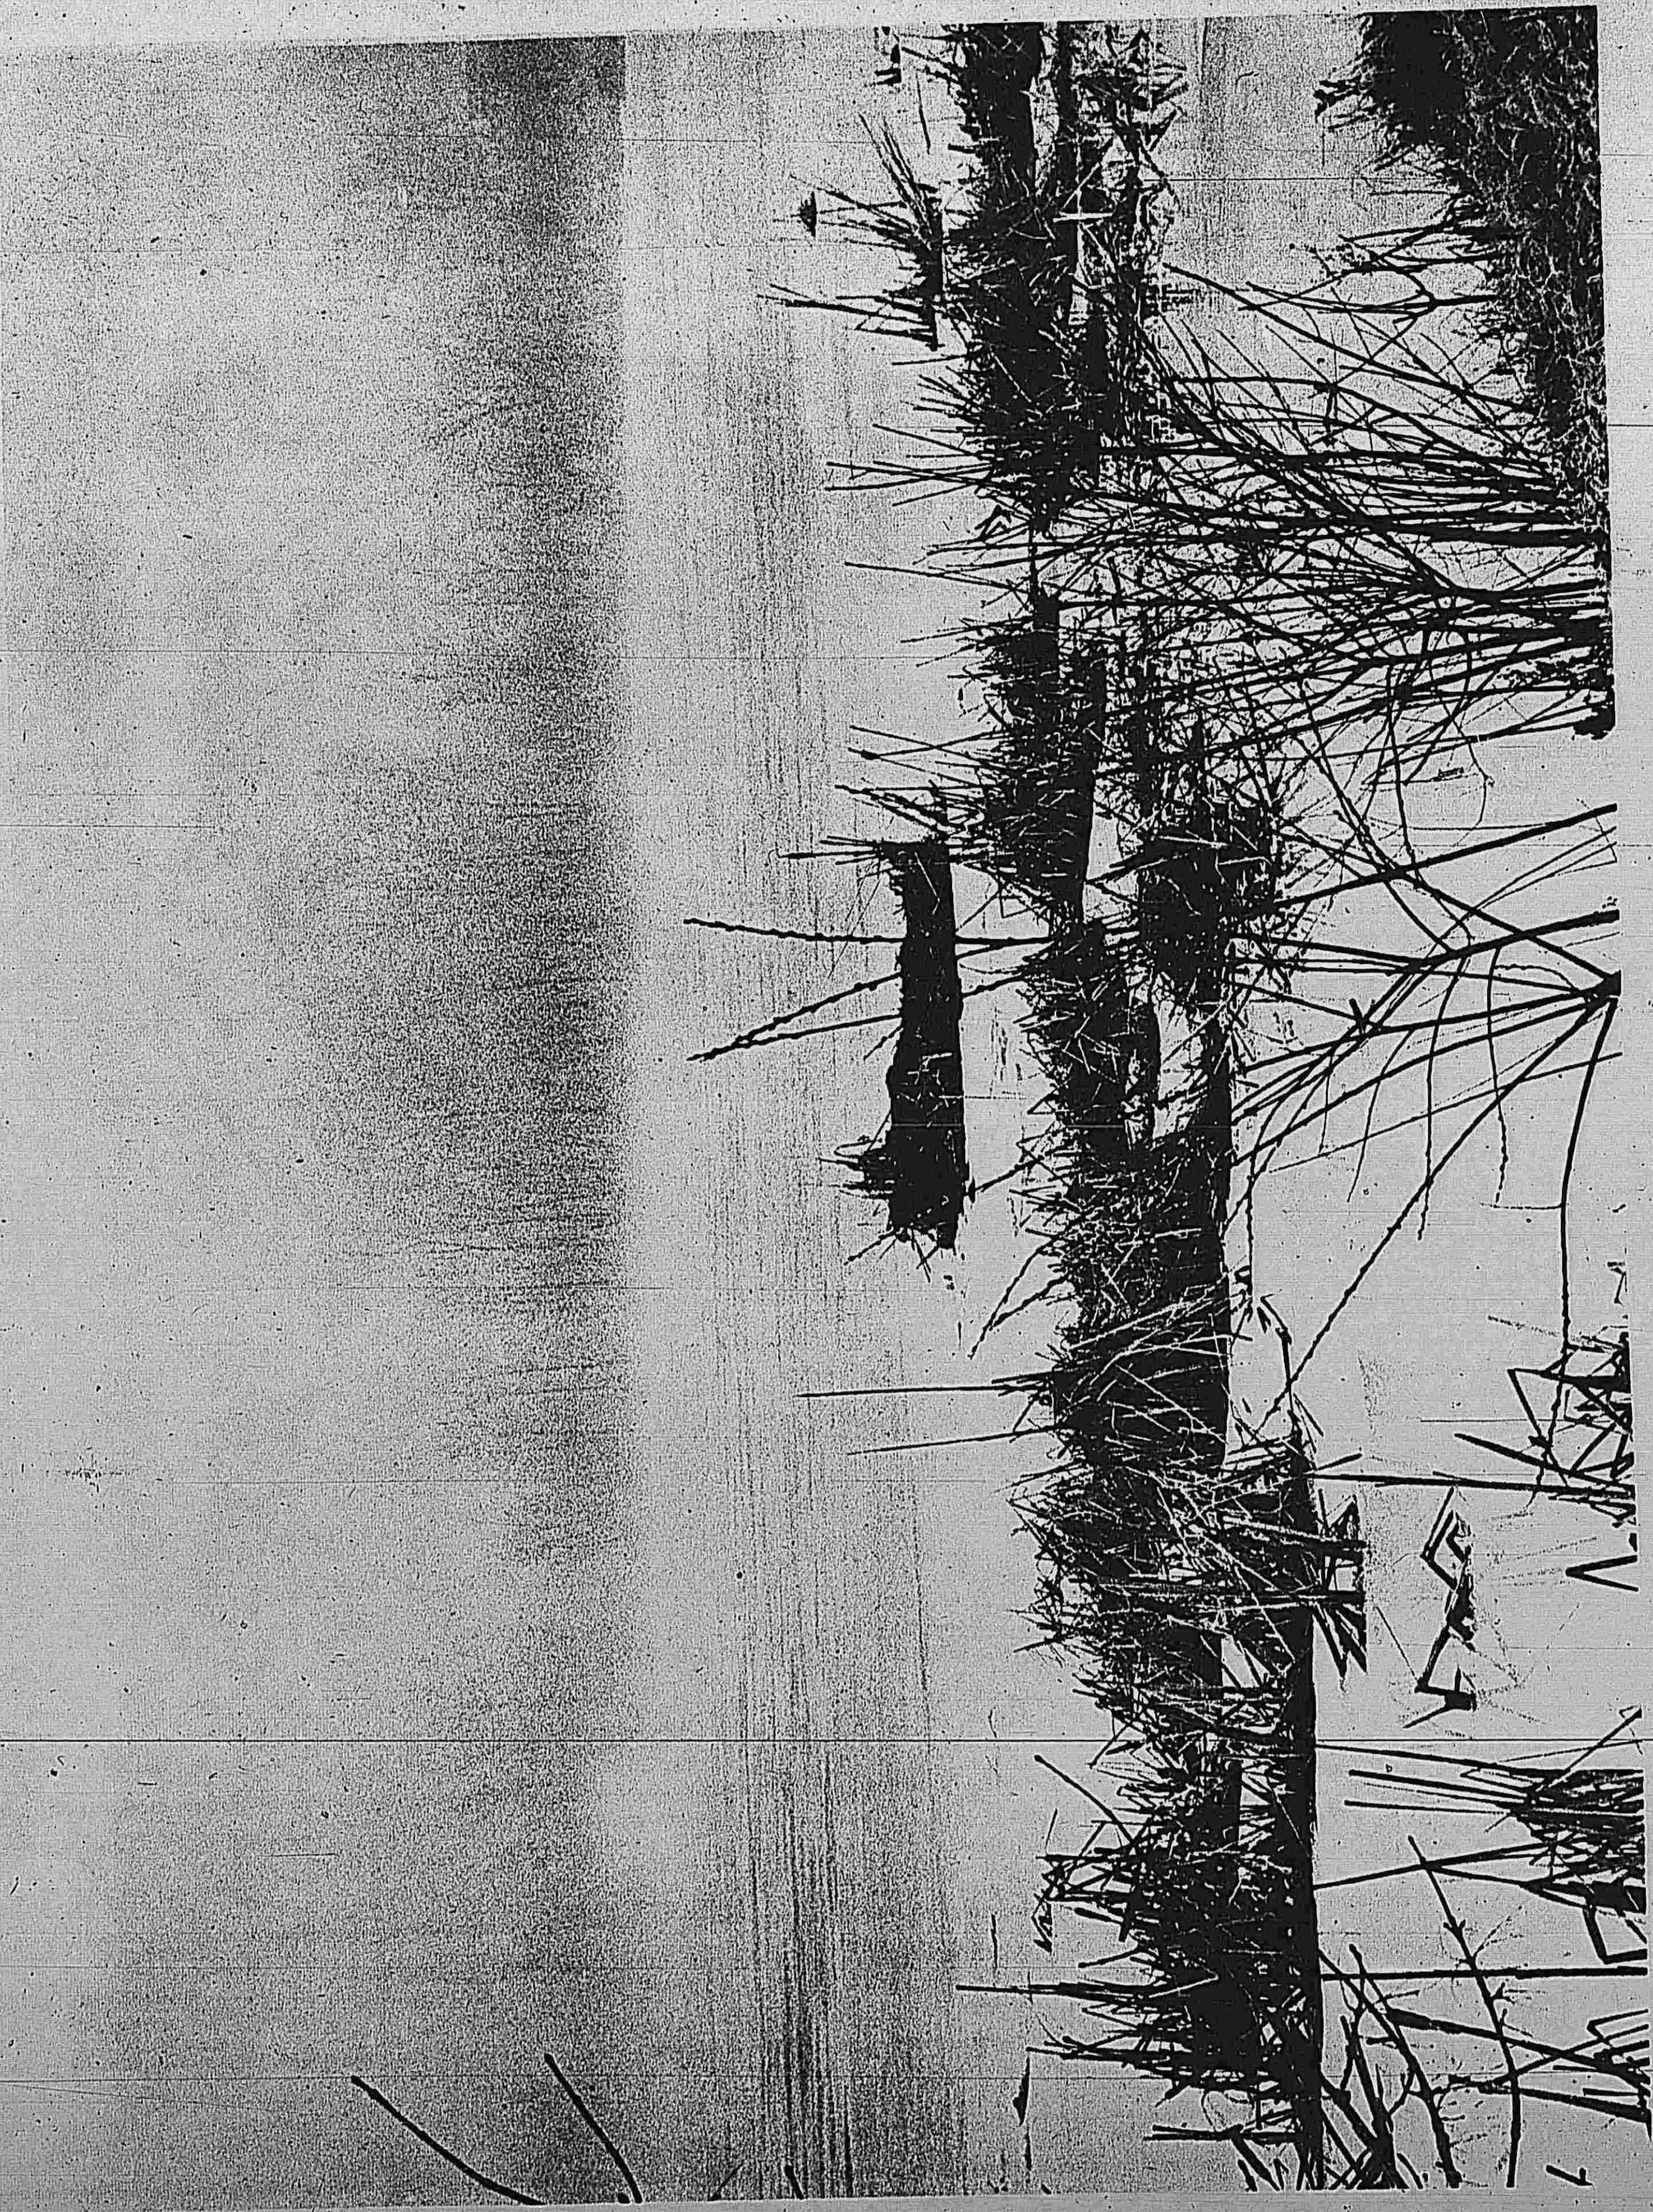

Supt. Polley announced on the radio that the buses would not be operating on Monday morning and student attendance was down about 35 percent that day, as it was difficult for many students to find a new means of transportation at such a late time.

Partial bus service was restored on Tuesday after five men worked around the clock to mend the damaged radiators.

The Antioch Police Department is now investigating the case.

MASON SUBJECT OF AGGRAVATED ASSAULT

The Antioch Police Department had their hands full on Friday morning at 8:00 a.m. At that time Sgt. Pett, Officer Mason, and Matron Cook observed a white male subject walking across Main Street in the direction of the Police Department carrying a hammer.

As the man neared the Police Department, Officer Mason opened the door to leave the building after completing his 12-8 shift. Upon doing so the subject with the hammer, shouted to Officer Mason, "I am going to kill you." He then swung his hammer striking Mason in the face. Mason slammed the Police Station door shut, forcing the subject out of the station, who then proceeded to attack the door with the hammer.

When the subject backed

away from the door Officer Mason, Off. Herdt, and Sgt. Pett went outside the building to subdue the subject. Deputy Sheriff Huber observed the attack on Officer Mason and also assisted in the apprehension of the man. After being subdued he was placed in the Antioch jail and contact was made with the family for his release. The subject was taken to the Lake County Jail and proceedings are in process with the State's Attorneys Office of Lake County.

On further investigation the Police found that a window of the Rohde and Lynch Law offices on Main Street across from the Police Department had also been broken.

The man's name is withheld to protect innocent members of the family.

V.I.P. 1973 continued

North Central University at Naperville, Illinois. Al then went on and completed his masters at the Colorado State College of Education.

Belinda has also shared her husband's interest in the field of education and for the past 20 years has taught the 5th grade at the Antioch Grade School.

Although Mr. Dittman has retired as Superintendent, he is still busy as ever. Not really retired from education he is now using his many years of experience in a new capacity. He is employed by Johnson, Kyle and Seehausen architectural firm in Rockford, Illinois as an educational consultant. Mr. Dittman said his job is mainly one of public relations where he helps schools plan their facilities and then interprets what the schools want

back to the architects. He has been working in DuPage, McHenry and Lake counties and, although he is really enjoying his new work, he plans to keep it only as a part-time job.

Busy keeping up with progress in Antioch, Al can be seen at most Village Board meetings, Planning Commission meetings, etc., he has even attended several sessions of LaSalle National Bank vs the County of Lake trial, which involves the Antioch Country Club Development.

Creativity is Mr. Dittman's bag too, and his artistic talent is something to behold. It is hard to imagine how steady his hands must be to create some of the delicately detailed clay figures that stand so nonchalantly in his living room. He has also done some great wood

FLOOD CONTROL PROBLEMS AIRED

On Saturday, March 10, almost 660 local government officials joined together at the N.I.P.C. Flood Control Conference. The purpose of the conference was to discuss the area problems on flood control and to set up basic flood control standards for municipalities.

The Village of Antioch was represented by Mayor Raymond P. Toft and Walter Delaney. Also attending with the mayor was Frank Benes, Precinct Committeeman in Antioch Township. Mr. Benes is a general contractor and operates in the Village of Antioch. He is well acquainted with flood problems.

The conference was attended by representatives of all levels of government - federal, state, cities, towns and villages. Many people employed by municipalities attended, among them Leckman and McClure, now

completing the Village survey. A lengthy, detailed questionnaire was filled out by everyone and a round table discussion was then held.

After the results of the questionnaire are totaled they will be made public and the consensus reached will be reflected in a Regional Plan now being assembled by N.I.P.C.

Mayor Toft made the following comment on flood control and how far reaching and expensive it is going to be:

"We here in the Village of Antioch must keep well informed about it from various agencies - on grants, land usage, flood insurance and the control and regulations on Flood Control."

The following important items were discussed:

Flood insurance, Senator

Percy; Improper Usage of Flood Plain Land and Reserve It For Flood Plan Occupancy - John Guillou, State of Illinois.

NOTICE

In accordance with Ordinance No. 66-3-5 relating to load limits a load limit of 5 tons per axle is in effect on streets so posted until May 1, 1973.

MEMBER OF ILLINOIS PRESS ASSOCIATION AND NATIONAL NEWSPAPER ASSOCIATION

NEWS IMMUNITY

More than 50 bills have been introduced in this Congress, proposing that newsmen should have immunity against disclosing to courts or other agencies of government their sources of information (The Shield Law). The proposals rely chiefly upon a popular belief that the First Amendment to the Constitution - granting freedom of the press - also authorizes an implicit privilege that newsmen should not be required to reveal the identity of those who provide them with information "in confidence." However, the recent Supreme Court decision of *Branzburg vs. Hayes* held that neither the Constitution nor the common law recognized such a newsmen's privilege.

Notwithstanding this Supreme Court holding, trial courts over a period of many years have protected these newsmen's sources by excusing them from giving testimony to grand juries and in trial court proceedings. Indeed, this general policy adopted by our lower courts may explain the misapprehension under which most newsmen (and the public) appear to have labored.

Accordingly, when the Supreme Court held that no such privilege existed, it came as a shock to most newsmen, and gave rise to a claim that the public's right to a free flow of information was thereby threatened and the safety and freedom of newsmen were jeopardized. Determined to protect the confidentiality of their information sources, some newsmen have been jailed.

Many others are fearful that they too may be fined or imprisoned for failure to divulge information received by them in confidence.

One Chicago newspaper, pointing to the harassment which exists in the absence of a newsman's privilege, claims to have been served with more than 350 subpoenas since the 1968 Democratic Convention disorders. Other newspapers claim that in the absence of statutory protection, they have been required to spend considerable time and money in protecting in court their news sources.

In testifying against the pending legislation, Congressman David W. Dennis of Indiana pointed out that no other individual enjoys a privilege such as that sought by newsmen. The lawyer-client privilege of confidentiality runs in favor of the client; the doctor-patient privilege belongs to the patient. However, in the case of the proposed newsmen's privilege, it is claimed that the newsmen (as opposed to the news source) should have the right to assert or waive such a privilege.

Not all newsmen are in favor of Congressional action defining such a privilege in specific language. For instance, some point out that any legislative enactment implies a right to include exceptions to the privilege, such as a requirement to divulge names where a serious crime has been committed, and no other evidence is available. Indeed, it is argued persuasively that by recognizing the right of the Congress to grant such a privilege there is a clear admission that the Congress may modify or withdraw the privilege.

The Congress faces a most difficult decision on this issue of the newsmen's privilege. Drafting a measure which will both satisfy the press - and protect the public - may be impossible.

A defective bill would be worse than no bill at all. This has prompted the distinguished columnist, James J. Kilpatrick, to conclude that in order to secure the best protection, "we must look to the Constitution itself."

Vandalism to tax supported properties

There have been some occasions in our Village that damage has been done to tax supported buildings and equipment. The Police Department has been successful in apprehending the persons involved on some of these occasions and restitution has been made as far as repairs being paid for by the offenders or their parents.

The type of person who commits these acts is just not thinking right. If you are a taxpayer or future taxpayer it doesn't take too much brain work to realize that the damage you incur on these buildings or equipment is really incurred to yourselves. If you just think regardless of your age that these unnecessary repairs must be made by tax money.

If a potential vandal just thinks about this before he commits his intended act he will no doubt have second thoughts on completing an act of stupidity and of actual cost to his or her property and as I state above it is yours and it's state of well being should be protected by all who use these facilities or may use them in the future.

If the true taxpaying residents of our community in the course of driving around or out for a walk in their neighborhoods, just take a moment to mentally record anything of unusual nature that they notice.

This information could be of great value in the solving of these crimes against ourselves, perpetrated by a few irresponsible nitwits who seem bent on changing the solid structure our society is based on. However, when some of these misfits are apprehended and cry out against our American way of life they are the first to seek its protection and benefits under our Constitution.

The recent vandalism at our High School is a perfect example of wanton destruction of property and another burden to our tax monies as the damage has estimated at a minimum of \$1,000.

The Police Department thanks this paper for their cooperation in letting us try to get action by community support.

JACK WELLS

American Cancer Society
We want to wipe out cancer in your lifetime.

Letters to the Editor on any current issues are welcome. Only letters with names can be considered for this column. Signatures will be withheld on request. Letters cannot be returned and are subject to minor editing.

Dear Editor:

During this past school year, the Antioch Grade Schools have been on the receiving end of thousands of hours of volunteer assistance from hundreds of parents. Sometimes we fail to let them know how very much we appreciate this kind of community service and how much benefit the schools receive from their help.

A personal letter of thanks would be the most appropriate means of letting each person know, but there have been so many parents helping in so many different areas that this would be a practical impossibility. On behalf of the Board of Education and the Administration of the Antioch Grade Schools, this note of appreciation is openly extended as an acknowledgement and tribute to the many helping parents in our district.

During the recent referenda, several hundred parents assisted in attempts to bring the financial plight of the district to the attention of the people and to gain favorable support for the referenda. When these efforts failed, many of these same parents were not satisfied to settle for the complete deficiencies in our Educational Program, which would have resulted from the referenda defeat, and it was at this time, that our Parent Volunteer Program was born.

Through their help, the Athletic Program has been able to continue in a modified manner, as has also the Cheerleading Program and the Band Program. In addition to this, we have been able to introduce and maintain a new Individualized Math Program at the Upper Grade School, catalog our books, centralize our libraries in each of the K-5 buildings, and improve the total school operation through many many hours of additional clerical and secretarial help. We have also introduced the beginnings of what we hope will be a very beneficial program through voluntary help in giving reading assistance to our children. Those who had the privilege of viewing the Christmas Program at the Antioch K-5 building received some first hand benefits of the extensive parent participation in our schools.

None of these things would have been possible without the unselfish dedication of many parents, not only for the benefit of their own children, but for the equal benefit of all other children in our district.

Thanks again to everyone who has been involved in our Parent Volunteer Program.

Sincerely,

Henry Meyer
Superintendent

NEWS DEADLINE
Monday Afternoon

Strength with unity

The business community has recently joined together in hopes of establishing a strong retail body. In establishing such a unity they hope to help solve the problems that are confronting them all and to weather as a body any storms that may arise in the future.

This should be recognized as a very critical time for the businesses of Antioch as well as for the community of Antioch. If the businesses are not able to organize as a strong group, a large outside firm could in the future, build in this area, and would have little problem drawing business from the loosely organized string of stores.

But, if the merchants are able to unite and maintain a strong retail community this would be less likely. Few people realize how much locally owned businesses contribute to the community in terms of revenue derived from the sales tax and in terms of support for community projects and most important, they contain within the community the cash plan.

It is hoped that at this time the merchants will be able to truly unite and to achieve a strong body that will be able to continue serving the community.

WEATHER YOU KNOW IT OR NOT . . .

Whether you know it or not, Mr. Robert Robinson has been the weatherman in Antioch since 1967 and has weathered many storms in all kinds of weather!

Mr. Robinson does not predict the weather, rather he keeps a daily record of it. Each morning at the un-Godly hour of 6:30 a.m. he wanders out into his back yard to make his observation. Five minutes later he reports his findings to WKRS in Waukegan. This includes the high and low temperatures, the amount of precipitation and general weather conditions.

Robinson does not work for WKRS, he works in conjunction with the National Weather Service that has been formerly known as the U. S. Weather Bureau. There is no pay for his efforts, rather it is strictly done gratis. The Service does provide him with a maximum and a minimum thermometer and a rain gauge.

The Maximum thermometer is mercury filled and is similar to a doctor's thermometer. It is designed to remain at the maximum temperature of the day. After a reading has been taken the thermometer must be shook down in preparation for the next twenty-four hour reading. The minimum thermometer is an alcohol filled device with a black needle that is set in it at an incline. As the temperature drops down the needle will also drop down and will remain at the lowest point of the day. The minimum temperature must also be reset each day and the rain gauge must be emptied if necessary after a reading has been taken of course.

"Depth of the snowfall in the winter is not quite so easy nor accurate as the rain amounts. The weather observer is advised to make his best "Guesstimate" via several methods. He puts out four or five pieces of plywood in his yard, which are swept clean at

the end of each 24 hour period. Snow depth daily is measured in these spots.

Robinson keeps a record of snow depth on the ground, and measures the depth of the new snow that has been added. By averaging out his several figures, he should gain a fairly accurate estimate of the snowfall.

The accuracy depends a good deal on the zeal of the weather observer, Robinson points out. The more measurements you make, the more accurate should be the final figure. This allows for drifting, melting, etc." (The Antioch news, 1967).

Robinson has also added some equipment of his own to his weather station and now has a wind gauge, barometer and several other types of thermometers.

World War II is responsible for Rob's interest in the weather. It all began back in 1941-42 when he was stationed in Fort Benning, Georgia, in the Second Armor Division. He was then transferred to the Air Corps, where he served as a pilot. A course in meteorology is a requirement of pilot's training and this course plus his involvement with aviation spurred on his interest in the weather.

Weather records have been kept in Antioch since the early 1900's, in fact from 1909-1910, 47.0 inches of snow were recorded. These records were discontinued from 1922-1942 when Roy Kufalk took over the job and held it until 1967 when Robinson began his work.

Every Friday a weekly report is written to the National Weather Service. A weekly and monthly report is also sent to the United States Department of Agriculture Statistical Reporting Service, who then in turn sends out the "Weekly Weather and Crop Bulletin".

Robinson may also be called in to testify in a court case, if a weather condition at a certain time must be clarified. For an

example if heavy wind damage is reported, the insurance company may check with him to verify the facts.

Although Robinson does not predict the weather, he is entitled to some observations. He said,

"The winters are getting milder, but they are stretching out further into spring. We have what you call a "Continental climate", in which you have four seasons, fall, winter, spring and summer, but anymore we seem to be living in a two season climate with just winter and summer."

1972 was an unusual year and it was to break many records, in fact one month we had as much as 12 inches of rain."

Rob has two sons who both share their father's interest in the weather, Thomas John (known as TJ) 16, and Robert Allen (Bob) 13. They have lived in Antioch for 18 years and Rob is employed as head custodian for the Channel Lake School. His wife Shirley has been a bus driver for the Antioch Schools for the past nine years. Robinson invites anyone who has questions on the weather, past or present, or who would like an explanation on weather devices to give him a call after 6:00 p.m. at 395-1869.

Rob Robinson is Antioch's weatherman. Here he is seen standing in front of his maximum and minimum thermometers and in the background stands the device for measuring precipitation. (staff photo)

Mr. Walter Daniels Sr. Vice President of the First National Bank presented Mr. William Herbst, Principal of the Upper Grade School with two sets of 30 volumes each of "The Name of the Game is Money" games. (Photo by B. Vavra)

THE NAME OF THE GAME IS MONEY

Students at the Antioch Grade School will have fun learning about money as they play with it in real life-like situations. This learning experience has been made possible by the First National Bank of Antioch who presented the school with two sets with thirty volumes each of "The Name of the Game is Money".

These games can be used in the classrooms and are designed to help teach young

people the importance of banking. For example, one of these educational games explains how a rock group was formed, and how as they grew they found the need for a bank as they made a profit and bought new equipment. The games include a teacher's guide and transparencies, and it is hoped they will prove to be both educational and interesting to the students.

ST. PATRICK'S A LEGAL HOLIDAY ! ! ! ?????

In this day of many causes St. Patrick, the patron Saint of Ireland, has not been forgotten. The United States may be called the "melting pot", but the Irish are one group that have never melted, but have continued to stand up and out.

Presently a Committee has been formed to make St. Patrick's Day a Legal Holiday. Ed Moran of Chicago is the

Chairman of the Group. The Committee proposes that St. Patrick's day is more sacred to the Irish than Election Day. They propose to convince the government to acknowledge this legally.

As a result of the world's new ecumenical spirit, St. Patrick's Day would become a National Legal Holiday because everyone is in the Irish Spirit, if not truly descended from the race

of Kings. The committee also states, "Many of us were fortunate enough to be born Irish, but for friends who were not born to the green it is another recourse. It is something like Baptism....by blood or desire."

To help make St. Patrick's Day a Legal Holiday the committee asks that you petition your government leaders. Do not send the mail direct to Washington, but send it directly to your Senator, Governor, Congressman or Precinct Captain in care of: Ed Moran, Chairman, Committee to Make St. Patrick's Day a Legal Holiday, 2501 N. Central Avenue, Chicago, Illinois.

You can expect to hear about this group in the future, as they are planning once this project is completed, to seek to build an under sea tunnel connecting the River Shannon with the Mississippi. To color oranges green. To install emergency measures for moving the seat of County Cook to Dublin in the event that Chicago is invaded by the Martians. They would like to see baseball teams like the Chicago Green Sox, and the Boston Green Sox play their games at the Astro Clover.

Help make St. Patrick's Day a Legal Holiday and write Ed Moran. Remember, the Arabs and the Texans have the oil, but we have the "Holy Water."

Seven superior ratings were received by music students from the Antioch High School last weekend during the Illinois State Music Solo and Ensemble Contest held in Round Lake.

Not only did the school receive 7 superior ratings, but they also received 3 excellent ratings. About 25 Antioch students participated in the annual contest and Music Instructor, Mr. Ralph Brooke, felt that these students made a very fine showing.

Mr. Brooke said, "This was a very good showing for Antioch, but we did not have as many entries this year as we did in the past, we just haven't had the extra person to make it go and I would say that about 90 percent of the work was done on the students own time."

Students receiving superior ratings were: Sue Ball, Girls High Voice Solo; Kris Lukas,

Girls High Voice Solo; Jean Oelerich, Girls Low Voice; Carol Wells, Girls Low Voice; David Rush, Percussion Solo. Sue Ball, Kris Lukas, Anita Cooper, Taffy Engelhardt, Carol Wells, GeorgeAnn Bury, Kandy Schute, and Jean Oelerich - Girls Double Ensemble.

Sue Ball, Kris Lukas, Anita Cooper, Taffy Engelhardt, Jean Oelerich, Carol Wells, Kandy Schute, Louis Geist, Gayle Manuel, Don Barlow, Don Mahar, Mark Crawford, Bill Beese, Larry Yopp, Randy Tobiar, and David Oelerich - Madrigal group.

Students receiving excellent ratings were: Tanya Milsop, Piano Solo; Ellen McKenize, Basoon. Don Mahar, Gail Manuel, Mark Crawford, Don Barlow, Bill Beese, Larry Yopp, David Oelerich and Wayne Jones - Boys Double Ensemble.

JOE HUNLEY RECIPIENT OF JOURNALISM AWARDS

Radio newscaster Joe Hunley, who lives in rural Antioch, won two first place awards for broadcast journalism in the first annual contest sponsored by the Lake County Association of Journalists. Joe received one plaque for the best radio feature story last year. The broadcast covered a victory party at Our Lady of Humility School in Zion for one of the teachers, Miss Julia Walker, daughter of the newly elected Governor of Illinois.

A tornado which ripped through Lake County last year gave Joe his other winning assignment. Radio Station

WKRS stayed on the air after broadcast hours to keep the citizens of Lake County informed of the storm damage. The first place award went to a team of WKRS newscasters and individual plaques were presented to each member of the team. Joe broadcasted on-the-spot news reports direct from the scene where the tornado touched down. Other reporters who received plaques were Larry Leonard, Bill Morris, Van Sells, and Fritz Sorenson.

The awards were presented at the annual meeting of the Association at the Parkway Restaurant in Waukegan.

SAUERKRAUT CAKE

Here is the recipe from Mr. Mazzio of Oakwood Knolls, Antioch. A request was called in last week for his recipe and we want to thank him for being generous and sharing his specialty with us.

1/2 cup butter or oleo
1 1/2 cups sugar
3 eggs
1 teaspoon vanilla

2 cups sifted all purpose flour
1 teaspoon baking powder
1 teaspoon soda

1/4 teaspoon salt
1/2 cup cocoa powder
1 cup water
1 - 16 oz can of sauerkraut
drained, rinsed and snipped

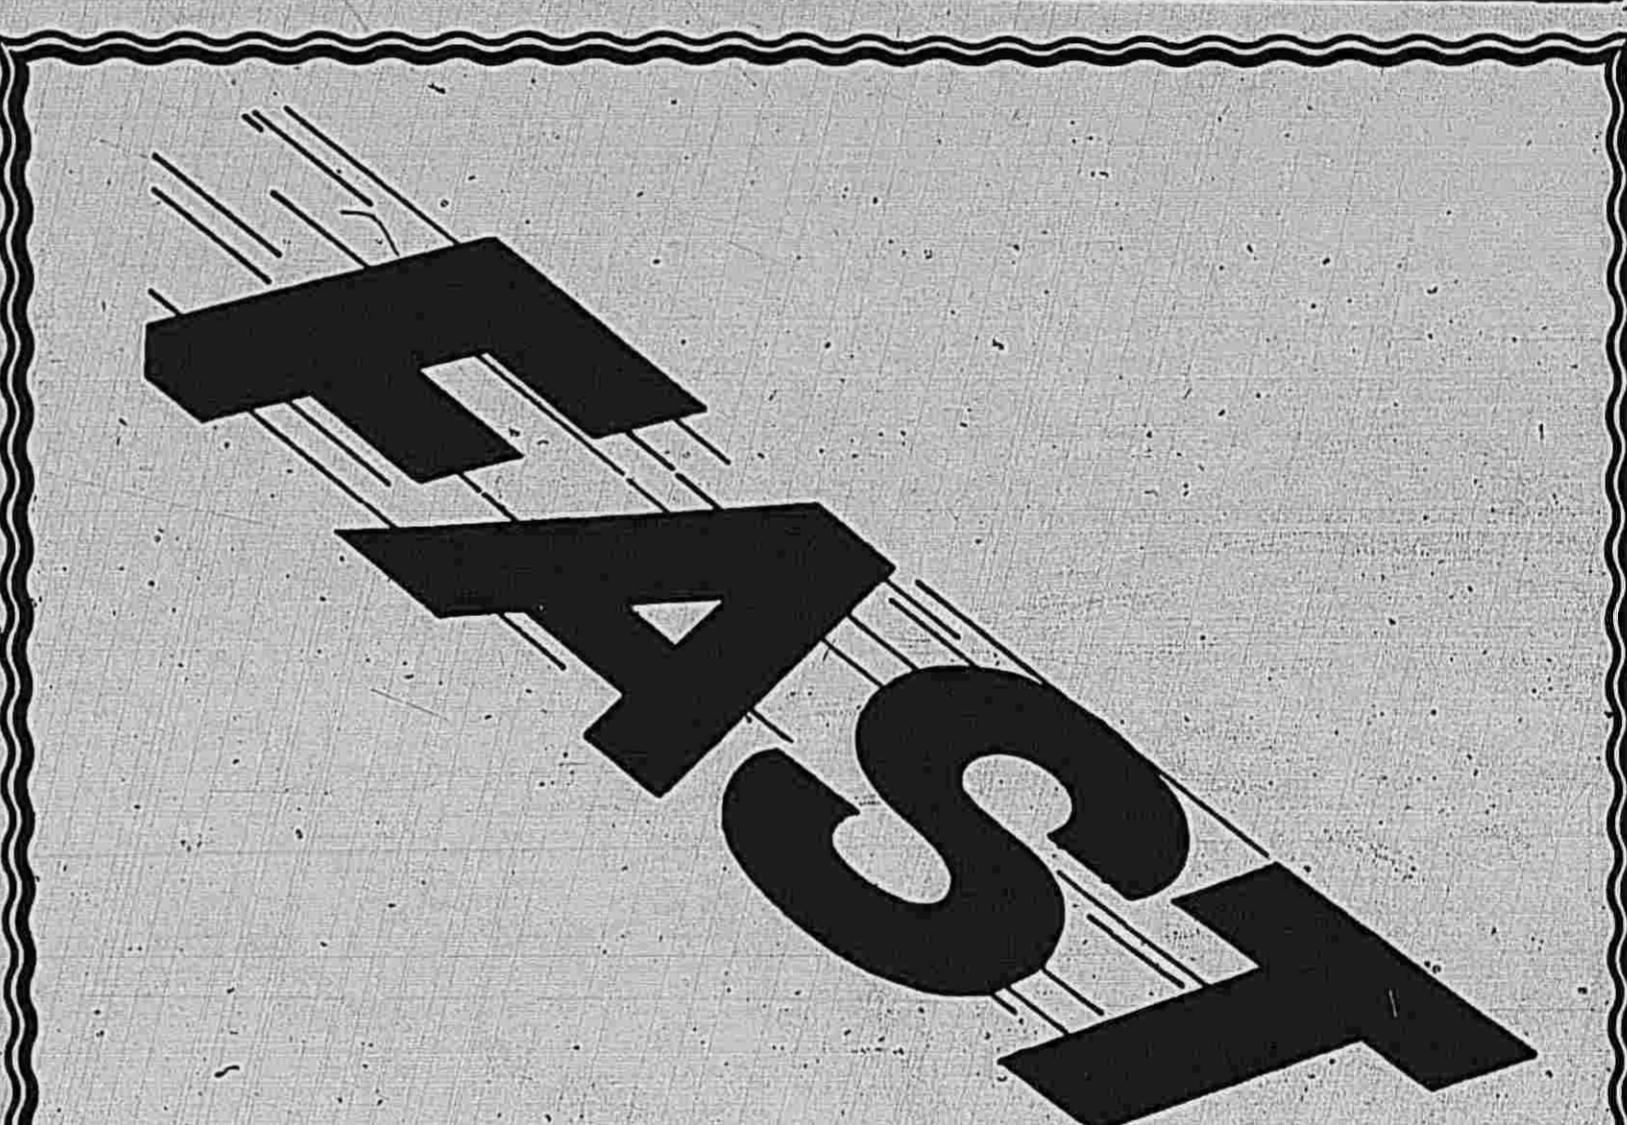

In large mixing bowl cream butter and sugar til light. Beat in eggs one at a time. Add vanilla. Sift together dry ingredients and add to cream mixture alternately with water. Remove from mixer and stir in sauerkraut. Pour into 9x13x2 baking pan that has been greased and floured. Bake in 350 degrees oven for 35-45 minutes until done. Cool in pan and frost with Sour cream frosting.

SOUR CREAM FROSTING

Melt a 6 oz package of semi-sweet chocolate chips and 4 tablespoons of butter over low heat. Blend in 1/2 cup sour cream, 1 teaspoon vanilla and 1/4 teaspoon salt. Gradually add sifted confectionary sugar (2 1/2 to 2 3/4 cups) to spreading consistency. Beat well.

"Your Key To The Future"

485 LAKE STREET
ANTIOCH, ILL.
395-3111

REMEMBER WHEN? We don't, but we know that all it takes sometimes is a little reminder to jerk a memory and bring back recollections of those days gone by. Each week we print an old photo submitted by an Antioch resident. Some we will be able to identify, for others, we leave it to you to search your own mental scrapbook. Call us if you can identify a photo. Better yet, if you have a memorable photo to share, bring it in to the office.

Shown (l to r) are Ronald Cunningham, William Seemann, Robert Wilton and Michael Haley studying a proposed off-street site just east of the downtown shopping district.

CITIZENS' ACTION PARTY PLANS ADDITIONAL PARKING

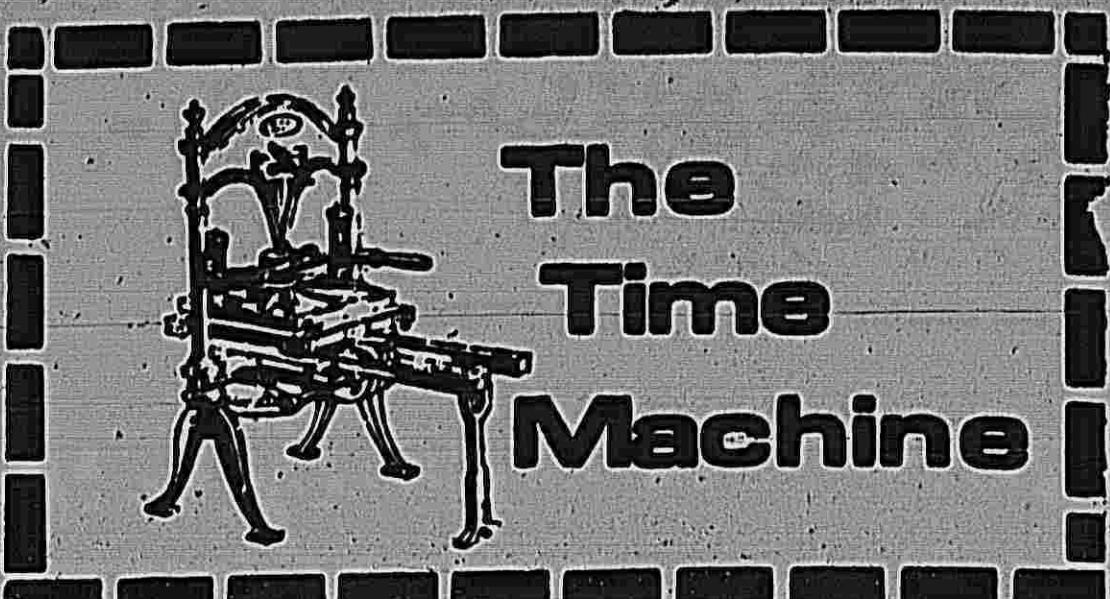

As part of their platform, the Citizens' Action Party has developed plans for additional downtown off-street parking.

One of the areas being considered is land located east of the downtown shopping area.

Robert C. Wilton, Candidate for Mayor, Citizens' Action Party, stated "The Citizens' Action Party has developed

an off-street downtown parking plan that includes a cooperative renovation program, adequate lighting, asphalt surfacing and beautification."

In addition, the Citizens' Action Party plans to cooperate with the Chamber of Commerce to develop additional plans that will serve the needs of the village.

70 YEARS AGO, MARCH 12, 1903

The Committee having in charge the funds of the dance given for the benefit of Percy Dibble, report that after all bills having been paid they have a net balance of \$90.00

Mr. & Mrs. Frank Pitman Jr. having resided here nearly all their lives, are leaving for Chetek, Wisconsin where about a year ago Mr. Pitman bought a farm.

50 YEARS AGO MARCH 15, 1923

Antioch Fire Department committee on the truck, after careful investigation has recommended the Stoughton Community Pumper, rated at 350 gallons per minute and at a price of \$5700.00 delivered. The department accordingly awarded a contract to the Stoughton Wagon Works, delivery to be made in about 60 days.

20 YEARS AGO MARCH 12, 1953

MariAnne's Dress Shop will present a Style Show at the next meeting of the Antioch Woman's Club. The meeting will be held in the recreation room of the Fire Department. Hostesses will be Mrs. Irving Vaughn, Mrs. Edward Jacobs, Mrs. William Osmond.

Tickets went on sale for the senior class Spring Play "Going Places." Profits from this play will be issued to finance the senior class cruise to Mackinac Island.

10 YEARS AGO MARCH 14, 1963

Two Antioch boys completed a 30 mile hike. Chip Tanner and Jerry Becker both 13 years old started out from the vicinity of Sabrina Manor. They walked down Rte 21 and Loon Lake Road and followed this road to Milburn. They finally ended up at the Waukegan Shopping Plaza.

Blaine Ring will run as a candidate for Road Commissioner on the Republican ticket Lloyd Murrie was chosen to represent the Republican Party for Supervisor.

2 NEW FIREMEN ON ANTIOCH FORCE

Two new firemen have been added to Antioch's force. Both George Pahlke and Greg Johnson have completed the one year probation and in-service training period that is required. There are now a total of 45 firemen serving the community of Antioch.

* You may mail in any or all subscriptions anytime between Feb. 19 and April 2. New subscribers will begin receiving their ANTIQUE NEWS within 3 weeks after subscriptions are turned in.

6. You must be 18 years or older to be eligible. (You must be 21 to be able to gamble or be accompanied by husband who is 21).

Along the Way with Annie Mae

A touch of spring was upon us this past weekend, sure hope it stays around....

The Mother's Club of the Wrestlers gave a banquet on Saturday evening in honor of their sons. A buffet dinner was enjoyed by over 180 parents and their sons. Each boy also received a trophy. Good work, moms, I'm sure everyone had a grand time.

Recent vacationers returned from all over the south. (sure wish I was one of them!) George and Alice Palaske enjoyed a trip to Acapulco, the Jim Fields family and Hillard Tobieskis saw sunny Florida.

March 10 was a double celebration for the Gutowski family as Joe celebrated his birthday and wife, Louise returned from Victory hospital after a weeks stay.

Happy 37th anniversary wishes are extended to Melvin & Jo Wohlfeil on March 15th.

Channel Lake Shores saw a bit of excitement recently. Mrs. Barkow had two raccoons decide to make a home in her fireplace. After no luck with the Animal Warden or Humane Society - TJ and Bob Robinson came to her rescue and smoked the "critters" out and to a new location.

Sue, Andy and little Mathew Johnson have recently moved into their new home on Hillandale in Antioch. They should really enjoy living there - I hear everyone is quite friendly and any excuse is worth getting together to celebrate. Ah - youth!!!!

The Antioch Post Office will be adding a new member. This Saturday, John K. Liddle of 285 Ida, Antioch will begin his work. John is the son of Mr. and Mrs. Kenneth Liddle of Rte 173, Antioch. Lots of luck, John.

Trudy Soland made the Dean's List for the fall semester at Illinois State University. Trudy is a Spanish Major and received a grade point of 3.6. She is a 1972 graduate of Antioch High School.

Get well wishes to Carolyn Moran, Florence, Morin, Ted Poulos and Dan Leightsey. We are glad to hear that Carrie Irving is now home from the hospital and coming along just fine. Also word was received from Rev. Donald Cobb that he had recent surgery and is in University of Iowa Hospital. For his address to send cards and remembrances, see Del Jahnekes "Social Notes" on another page in this paper.

Happy birthday wishes go to Carrie Irving on the 14th and to Joseph Lupa and Gary Burnett as well. We had a birthday wish to Father Keusal on the 1st but we will wish him happy birthday again on the 15th since that is the correct date. A special wish goes to one of our most avid readers. Tom Haley, Sr. will be 87 years young on the 15th. This was a busy day - Ruby Vos chose the 15th as her special day - and special it is - as well as

being her birthday, her grandson Don Irving was born on that date also. Daughter Jean has only one day to remember two of her favorite people. And last but surely not least - Sandy Cunningham celebrates her birthday on the 15th. Whew.

A belated-birthday wish goes to Betty Patterson on the 13th. Its belated but we didn't forget. Birthday wishes to Brian Vavra on the 13th from the second hour brats.

A special happy birthday to Patricia Marie "Patti Cake" Collins who was a year old on March 11.

Birthday wishes go to John Christensen, Donna Haase and Darla LaFlamme on the 16th and we have 3 (17th) little Leprechauns - Katy Waite, Dawn Woods and Bud Holtz. And March 20 wishes go to Sue Glenn, Donald Vos and Jeanne Reed.

Dual grandma jobs were performed by Sunny Arndt and Ursula Haley recently. Sunny spent some time in Saynor Wisconsin with daughter Carol (Leaf) who had a fourth boy. After she came back, Sunny drove Tom and Ursula Haley to Marquette, Michigan to grandma Ursula could help her daughter Peggy (Docmanus) who just had her second baby. Gee, what would we do without those grandmas?

Another "young" father has joined the ranks of ailing after playing basketball with their sons. Get well soon Tom Poulos.

Baseball season is just around the corner, as the Antioch Little League is beginning to make plans for spring registration. A notice will be put in the paper so you know when to sign up keep watching.

Just don't forget to get your tickets to the VIP Dinner-Dance since this weekend is the deadline. They may be purchased at the Rectory or either of the 3 financial institutions.

GRADE SCHOOL BOARD ACCEPTS HOUSING POLICY

The Antioch Grade School Board joined with the other school districts last Tuesday night, March 6th, as they voted to accept the Housing Development policy. The policy is a joint effort of six of the area school districts. The Grade School Board choose to make one change in the policy, however.

The last sentence of the policy under Requested Development Contribution was changed from, "The amount of cash to be contributed is to be based upon cost of fully developed site space as described in the section on Minimum School Sites." to "The following formula can be used to compute the financial impact upon our school district resulting from a Housing Development."

The decision to adopt the Housing Development policy with the above mentioned change was unanimous.

The Board also voted unanimously to adopt the following seven recommendations made by the Transportation Committee:

1. That the school continue on the school-owned, school-maintained bus program.
2. That the school keep worn buses on shorter and less frequent runs in order to cut down on exposure for the older buses.
3. That if a child wants to ride

a bus other than his assigned bus, the child must have a parental statement. No child, under any circumstances, will ride an unassigned bus if it will result in an overload.

4. To open up communication with the high school, relative to possible common bus maintenance.

5. To encourage local bids and competitive buying from local businesses.

6. To recommend the purchase of two new buses.

7. To run a news article on bussing with details and statement by the Board, including the encouragement of local merchant bidding.

OFFICER MILLER COMPLETES ALCOHOL TESTING COURSE

Officer Charles Miller, of the Antioch Police Department, has just completed a five day Breath-Alcohol Testing Course at the University of Illinois at Champaign. The course will now qualify Off. Miller to administer the test, which is designed to identify the drunken driver. Miller is the second member of the department now qualified to administer the test.

FOOD AND FITNESS

More than 675,000 people are expected to die from heart disease this year, the equivalent of a city the size of Cincinnati. Even more will be temporarily or permanently disabled by the disease.

These statistics are alarming by themselves, but even more serious is the fact that most Americans are not properly informed about the steps they can take to prevent heart disease. In large part, this is due to the abundance of unreliable information on the subject.

It is known, for instance, that good nutrition, proper weight, and exercise can significantly reduce the risk of heart attacks, strokes and other cardiovascular diseases.

In order to get this health-saving information to the general public, Blue Cross and Blue Shield have gathered more than a dozen authorities in health-related fields and asked them to describe their own methods for keeping well. The result is a new 96-page book entitled - "Food & Fitness", that is available free of charge to the public. Food & Fitness is the latest in a series of books under the general title - "Blue Print for Health", published by Blue Cross and Blue Shield.

A free copy of "Food & Fitness" can be obtained by writing the Public Affairs Department, Blue Cross and Blue Shield, 223 N. Michigan Avenue, Chicago 60601.

CIRCUS COMING TO UPPER GRADE SCHOOL

The Borger Brothers Circus is coming to the Antioch Upper Grade School on Sunday March 25, 1973. Performances will be given at 2:00 p.m. and 4:30 p.m.

Tickets are on sale now for either performance for \$1.00 each at any of the grade schools. Tickets bought at the door will be \$1.25.

A shuttle bus will operate from each of the grade schools taking passengers back and forth for both of the performances.

The Circus is sponsored by the Antioch Upper Grade APT Club, Oakland Grade School PTA, Antioch Grade School PTA and Channel Lake Grade School PTA.

HICKORY HOUSE

American Legion Auxiliary

The Second Division American Legion and the Auxiliary will be holding separate meetings in Marengo, Sunday, March 25th. The legionnaires will meet at the Marengo American Legion Home, with Rene Jackson of North Chicago, Division Commander, starting their session at 1:30 p.m. Auxiliary members will be at a nearby school, with registration at 10:00 a.m. and Mrs. Ray Rathmann of Antioch, 2nd Division President, conducting their confab.

A combination poppy and membership rally will be on the agenda for the ladies, with the poppy meeting being held in the morning. All legionnaires are welcome to attend. Mrs. Lyle Davis of Jacksonville, State Poppy Chairman, will talk of plans made for the 50th Anniversary of Poppy Days on May 25th and 26th. Mrs. Robert Fitzgerald, Manhattan, Division Poppy Chairman, will aid in the presentation of the poppy program.

After luncheon, Mrs. Jerome Murphy of Aurora, State Membership Chairman; assisted by Mrs. Rathmann, Division Membership Chairman, will

hold the membership rally. At the present time, the 10th District Auxiliary is leading 2nd Division in membership. Mrs. Norman Holt, North Chicago, 10th District Membership Chairman urges all Units to be 100 percent in membership for this rally.

Other division officers and chairmen who will be actively participating in this meet are Mrs. A.J. Dorn, Mundelein, Secretary; Mrs. Edward Jahnke, Antioch, Chaplain and Communications Chairman; Mrs. Herbert Gleason, Libertyville, Sergeant-at-Arms; Mrs. William Franzen of Libertyville, Vernon Unit, Asst. Sergeant-at-Arms and Legislative Chairman; Mrs. Joseph Hogue, Waukegan, Americanism Chairman; Mrs. Norman Holt, Junior Activities Chairman; and Mrs. Richard Brady, Gurnee, Past Presidents' Parley Chairman.

The board meeting of the 10th District American Legion Auxiliary will be held at the Mundelein American Legion Home, on Monday, March 26th, at 8:00 p.m. Mrs. Everett Ainsworth, Lake Forest, 10th District President, will be the presiding officer.

Social Notes

by: Del Jahneke

The District No. Three officers of the Rebekah order will be guests of honor at the March 21st meeting of the Lakeside Rebekah Lodge No. 82, which will take place at the Antioch American Legion Home at 8:00 p.m. Mrs. Charles Ferris, Noble Grand, will be the presiding officer.

Reverend Donald Cobb, until just recently the pastor of the Antioch United Methodist Church, underwent serious surgery last week. He is scheduled for more surgery in the near future. All his family are with him - Mrs. Cobb, his two daughters and his son. All his many friends in Antioch are praying for his recovery. When one is hospitalized, cards are always welcome. Here is his address: Rev. Donald C. Cobb; University of Iowa Medical Research Hospital; 608 South Wing; Iowa City, Iowa, 52248.

In a quiet, lovely wedding ceremony, held in the bride's parents' home; Raymond Rathmann, Jr. was united in marriage to Mrs. Linda Copas on Saturday, March 10th. Raymond Rathmann is the son of the senior Ray Rathmann's, Oakwood Knolls; and his bride is the daughter of Reverend Robert Langdon and Mrs.

Langdon of Wonder Lake, McHenry County. Reverend Langdon, an ordained Minister, read the wedding vows. The bride was attired in a soft violet dress and carried a white Bible. Attendants were Larry Rathmann, brother of the groom; and Mrs. Langdon, mother of the bride. A buffet dinner was served, with the wedding cake and trimmings afterwards. The Raymond Rathmann's will be residing in the Antioch Area. Rathmann, Jr. is employed by the Antioch Upper Grade School.

The Michael Becker family of Melrose Park were Sunday guests at the Robert Dunlap, Jr. home, Grass Lake. The younger family members had kite-flying on their agenda, but this March weather changed everyone's minds.

CORN BEEF & CABBAGE DINNER

The Antioch Chapter of The Order Eastern Star No. 428 is having a Corn Beef and Cabbage dinner on Saturday March 17th, at the Masonic Temple, 885 Main Street, Antioch, Illinois. Dinner will be served from 5 p.m. to 8 p.m. Donation is \$3.00. Tickets can also be purchased at the State Bank in Antioch, Ill.

RECEIVES

The Hickory House, located at the intersection of Route 45 and Route 173, has been in business since last November, 1972. Recently they received a plaque from the State Bank of Antioch which encased their first dollar of profit wishing them congratulations and best wishes. This is the first time the bank has presented such a plaque.

The Hickory House is owned and run by Steve and Lisa Ziembas, who are from Antioch.

Cathy Winslow of Highland Park and Marilyn Schwartz of Deerfield showing early tin containers to be displayed and sold at the Antique Show at McCormick Place on March 23, 24 and 25.

ANTIQUE SHOW 1973

The Midwest's fourth annual and largest antique show will open Friday, March 23 for a 3 day run at Chicago's McCormick Place.

There will be more than 150 exhibits to shop and browse representing antique dealers from throughout the United States, displaying thousands of items.

The mile long exhibits will include useful and unusual items from ancient times through the Roaring Twenties. Glass, china, furniture, jewelry, dolls, objects of art, toys, home furnishings, and advertising memorabilia are just a few of the hundreds of items of interest that will be on display.

A special added feature of the show this year will be advertising and country store items of early America.

Show hours are: Friday, March 23 and Saturday, March 24th 12 Noon to 10 p.m. Sunday, March 25th, 12 Noon to 6 p.m. Admission is \$2.50 for adults and \$1.25 for children under 12.

PLAQUE

It is both a tavern and restaurant, whose specialty is deep fried chicken, not to mention a special lunch featured each week. The Ziembas will be open for business every day of the week except Thursday until the middle of May at which time they will be open 7 days a week. For more information and times on the Hickory House check on our Dining Guide on page 11 of The Antioch News.

**CYNTHIA MEYER
ENGAGED**

Mr. and Mrs. Arthur Meyer, 1049 Bishop Street, Antioch, announce the engagement of their daughter, Cynthia Ann, to Scott Pickens of Windsor, Connecticut.

The bride-to-be is a 1971 graduate of Antioch High School and works at the Gilded Cage. Her fiance is presently serving in the Navy as a Petty Officer.

Plans for a May 19th wedding at the Millburn Congregational Church are being made.

**PAULA BISHOP
ENTERTAINS
WOMEN'S CLUB**

The next regular meeting of the Antioch Woman's Club will be on March 19. The program will be given by Mrs. Paula Bishop whose presentation will be "First Ladies." Members will remember Mrs. Bishop from the program she gave last year. She is an artist as well as a lecturer. It will be Guest Day and everyone should make a special effort to attend to hear this fascinating program of America's First Ladies. There will be a board meeting at 12:00 o'clock.

HAWAIIAN ORCHIDS TO BE GIVEN FLOWER SHOW WOMEN VISITORS

Hawaiian orchids, flown in fresh from the Islands by Continental Airlines, will be given the first 1,000 women visiting the Flower Show on Monday, Tuesday, and Wednesday, March 26, 27 and 28. The Chicago Flower and Garden Show will be at McCormick Place, March 24-April 1.

In addition to flying in the colorful orchids, Continental Airlines will also provide a touch of feminine charm to combine with the beauty of the Flower Show. Their stewardesses, familiar with the lore of our Island State, will be on hand to distribute the orchids to the

early-birds.

Several new features have been added to the 1973 Flower Show. For out-of-town visitors, arrangements have been made for chartered buses to unload and load at the entrance to the Show. This will eliminate the often difficult requirement of walking across parking lots to McCormick Place.

For foot-worn floral enthusiasts, spas have been designed at four areas on the main floor. These will consist of a Japanese Tea Garden, A Country Farm Restaurant, a Latin American Cafe, and a European Garden Restaurant.

CELEBRATES 25 YEARS

Elaine and Jim Palm celebrated their 25th wedding anniversary with an open house for friends and relatives on Sunday, March 11th. The couple were married twenty five years ago

on March 14th at St. Paul's Church in Chicago.

The Palms have one son, J. Kenneth. Elaine is a Cashier at the First National Bank in Antioch and Jim works for the Butternut Baking Company.

NEWCOMERS CARD AND GAME PARTY

The Antioch Welcome-Wagon Newcomer's Club will hold its first card and games party on Wednesday, March 14th at the American Legion Post on Ida Street in Antioch at 8 p.m. There will be prizes, raffles, refreshments and lots of fun. Donation at the door will be \$1.50. Bring along your friends and neighbors for a good time. For information call Rose Gardula, 395-6292 or Dorothy Quirk at 414-857-2032.

MOCK CONVENTION 10th DISTRICT I.F.W.C.

The 10th District Illinois Federation of Women's Clubs along with celebrating its 75th year is being honored by the Illinois Federation of Women's Clubs President Mrs. V.V. Holmberg at the Mock Convention meeting. The meeting will be held on Thursday, March 29, 1973 at 10:30 a.m. at the Devonshire Community Center, 4400 Grove Avenue, Skokie, Illinois. The program chairman for the 10th District I.F.W.C. is Mr. Richard Kenyon of Highland Park, Illinois. She is pleased to announce that the many favorite and cherished

recipes will be shared between the members as this will be a pot luck dinner. There will be four hostess clubs for the occasion which are the Women's Clubs of Grayslake, Wauconda, Welles Park, and Skokie.

The meeting will be consistent of election of officers in three categories: 2nd Vice-President which is presently held by Mrs. Robert MacGregor, Mr Prospect, Illinois, Recording Secretary Mrs. Leon Friedman, Niles, Illinois and lastly Corresponding Secretary Mrs. August Meier, Chicago, Illinois.

WALT SODERMAN SPEAKER AT GRADE SCHOOL PTA

On Monday, March 19th at 8 p.m., Mr. Walter Soderman, Principal of Channel Lake School, will be the guest speaker at the Antioch Lower Grade School PTA meeting. Mr. Soderman will have a video tape presentation of the Summer School Program which was held last summer at the

Upper Grade School. This will provide interesting information for all parents especially those who are considering having their children attend the program next summer.

Other articles of business will be the nomination of officers for the 1973-74 school year and detailed results of the recent Fun Fair.

WOMAN'S CLUB SELECTS NOMINATING COMMITTEE

The regular meeting of the Antioch Woman's Club was held on March 5. An invitation was received from Park Ridge School for Girls to attend the Design Showcase on April 30. Tickets and information may be obtained from Mrs. Stanich. Along with the invitation was a "thank-you" for the assistance to the school given by the Antioch Woman's Club. A report was read on the 1972 T.B. X-Ray Unit. There were 743 people x-rayed and 3 were referred for further testing. The Woman's Club will sponsor the testing again this year. It will be on May 16-17. Salvation Army Doughnut Day will be on Friday June 8. Members were reminded to make reservations for the tour on March 26.

The following nominating committee was selected: Mrs. Wm. Brook Chmn., Mrs. Elroy Anderson, Mrs. Richard Radke, Mrs. O. W. Turner and Miss Marguerite Snider. The annual Lake Co. Federation luncheon will be on April 26 at the Swedish Glee Club in Waukegan.

The program was presented by Mr. Fred Holbert, a member of the Antioch P.M. & L. He demonstrated the way in which an actor ages by means of grease paint. It is easy to become gray, simply by using silver hair spray. Special lines on various parts of the face and neck produce unbelievable changes. Brown and white are the vital colors which are used. A half-circle at the temple gives the illusion of a receding hair line. Dark in the center of a circle on the cheek makes it look sunken. Lines from the flange of the nose to the mouth; on the neck to show jowls and by the eyes and on the brow to show wrinkles, actually an aged person before your very eyes. Mr. Holbert, who has played many character roles, has made an extensive study of the art of make-up. It was a most unusual and interesting program.

Mrs. Mary Barr and her committee served refreshments.

NATIONAL ORGANIZATION FOR WOMEN MEET

The Lake County Chapter of the National Organization for Women will hold its monthly meeting on Thursday, March 22 at 7:30 p.m. at the Public Library, 128 North County Street, Waukegan.

The meeting will begin with a short film honoring the 61st anniversary of the founding of the Girl Scout Movement by Juliet Lowe. Mr. Tom Lembecke, Executive Director of the Lake County Girl Scout Council, will give a talk following the film.

The public is welcome to attend.

TWO NEW BUSES FOR GRADE SCHOOL

The Board of Education of Antioch School District No. 34 contracted for delivery of two new 66 passenger school buses.

This action was taken to upgrade the fleet for safety of the children.

The new buses will have padded seat backs with no exposed metal immediately in front of the rider. This reduces possibility of injury to face and teeth if an emergency stop throws a child against the seat in front of him or her.

General improvement of school bus service to the patrons of the school district was discussed by the Board.

New Deductions

At 4:30 a.m. on Thursday, March 8th another baby boy was born to Sharon and Richard Kenney. The new arrival weighed in at 7lbs. 4oz. and will be named Timothy James. Waiting patiently at home for his new playmate is older brother Richard.

Sharon is the daughter of Mr. and Mrs. Al Dittman, who are once again delighted to be grandparents.

The Kenney's make their home in Shorewood, Wisconsin.

MIDWINTER BAND CONTEST AT HIGH SCHOOL

On Saturday, March 17th, at 8:00 p.m. in the Antioch Community High School Auditorium, the Mid-Winter Band Concert will take place. The night's program should be enjoyable as it offers a wide variety of music from William Tell's Overture (which is better known as the Lone Ranger's Theme) to George Gershwin's "An American In Paris."

The Concert's program will be as follows: CONCERT BAND- Totem Pole (Concert March).Eric Osterling; Entry March of the Boyares.Johan Halvorson; Holiday for Winds.. Glenn Osse; Overture "Eroica" .Joseph Skornicka; Proud Heritage.William Latham.

WIND ENSEMBLE Vaquero (Concert March).Sammy Nestic; Caucasian Sketches.Arr. Clair Johnson; Die Fledermaus .Arr. Lucien Caillet; Scenes From "The Louvre".Norman Dello Joio; An American in Paris.George Gershwin and the William Tell Overture.Gioacchino Rossini.

"A well-informed man is one whose wife has just told him what she thinks of him." (Ray Fine)

MUNICIPAL CLERKS LOOK FOR MEMBERS

There are now twenty members belonging to the newly formed Municipal Clerks of Lake County. All municipal and assistant clerks are invited to join. The clerks met yesterday, March 13th at the Northern Chalet in Libertyville, and will continue to hold monthly meetings. They are hoping for 100 percent membership and members will be required to pay a \$5 membership fee per year. If interested, contact Mr. Rudy Grom, City Clerk of North Chicago.

MURPHY INTRODUCES "BUDDY BILLS"

Representative W. J. Murphy (R-Antioch) today introduced a series of bills aimed at providing stronger and safer law enforcement during the dark hours of the night.

This series of bills, House 523, 524 and 525 are referred to as the "Buddy Bills" and provide that all police squad cars on patrol from sunset to sunrise shall have no less than two officers in attendance.

"Too many times," said Murphy, "we have lost fine young men in their performance of duty because they were riding alone and had to confront someone on a dark highway or lonely alley without the backup

of a companion.

Rep. Murphy said, "though we dislike admitting it, we are living in a society of increasing violence, and the only way we can combat this is with proper law enforcement. I am aware that this program will cost additional money for the State, County and Municipalities, but we all are demanding protection and it is my thought that the ones that protect us are also entitled to a reasonable amount of protection. These "Buddy Bills" are aimed at providing protection, and if by their enactment one life is saved it will certainly be worth the effort and the extra cost."

MRS. BARBARA CONZELMAN ELECTED

At a recent meeting of the members, First Church of Christ, Scientist, Antioch, Illinois, elected Mrs. Barbara Conzelman to serve as First Reader for a three year period. In this position Mrs. Conzelman will conduct the Sunday and Wednesday evening services at the church. She replaces Mrs. Evelyn Greer.

Assisting her on Sundays as Second Reader will be Mrs. Lorraine Wirt, elected at the same meeting. The retiring Second Reader is Mrs. Mary Adams.

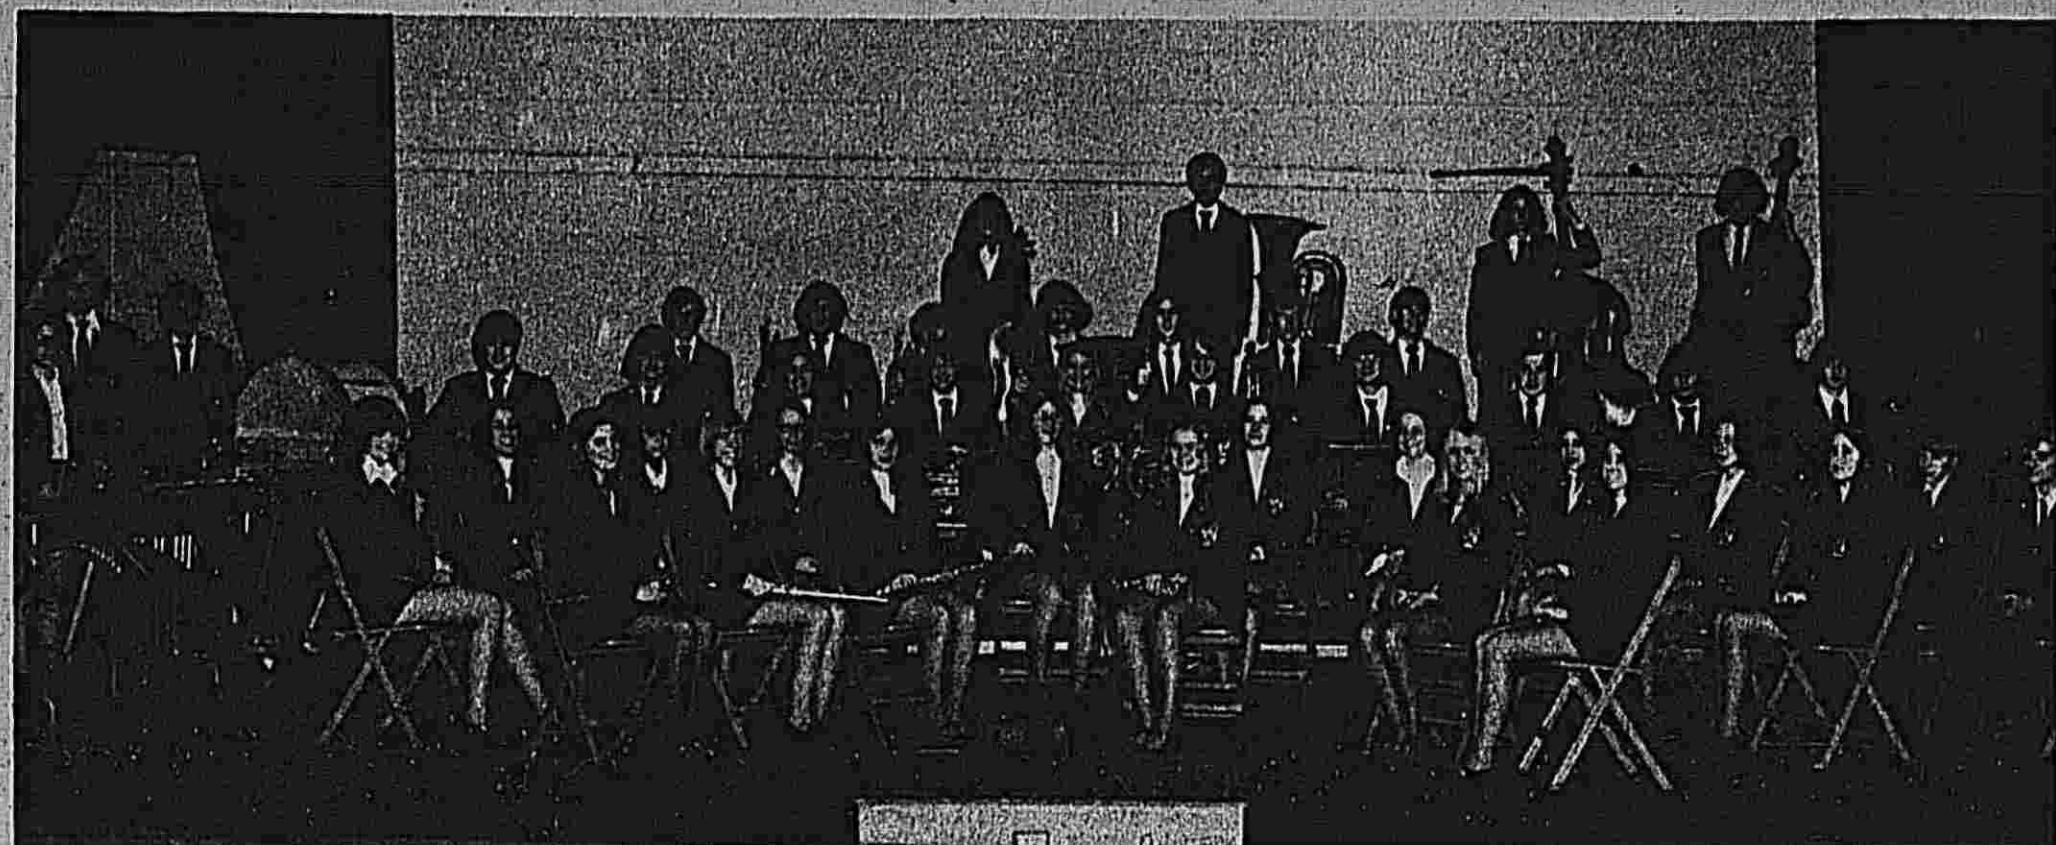

The Christian Science church consists entirely of laymen, and local members are democratically elected to fill all administrative posts and to conduct services.

The two elected Readers carry the main responsibility for the Sunday and Wednesday evening services of the church. Their primary duty is to read

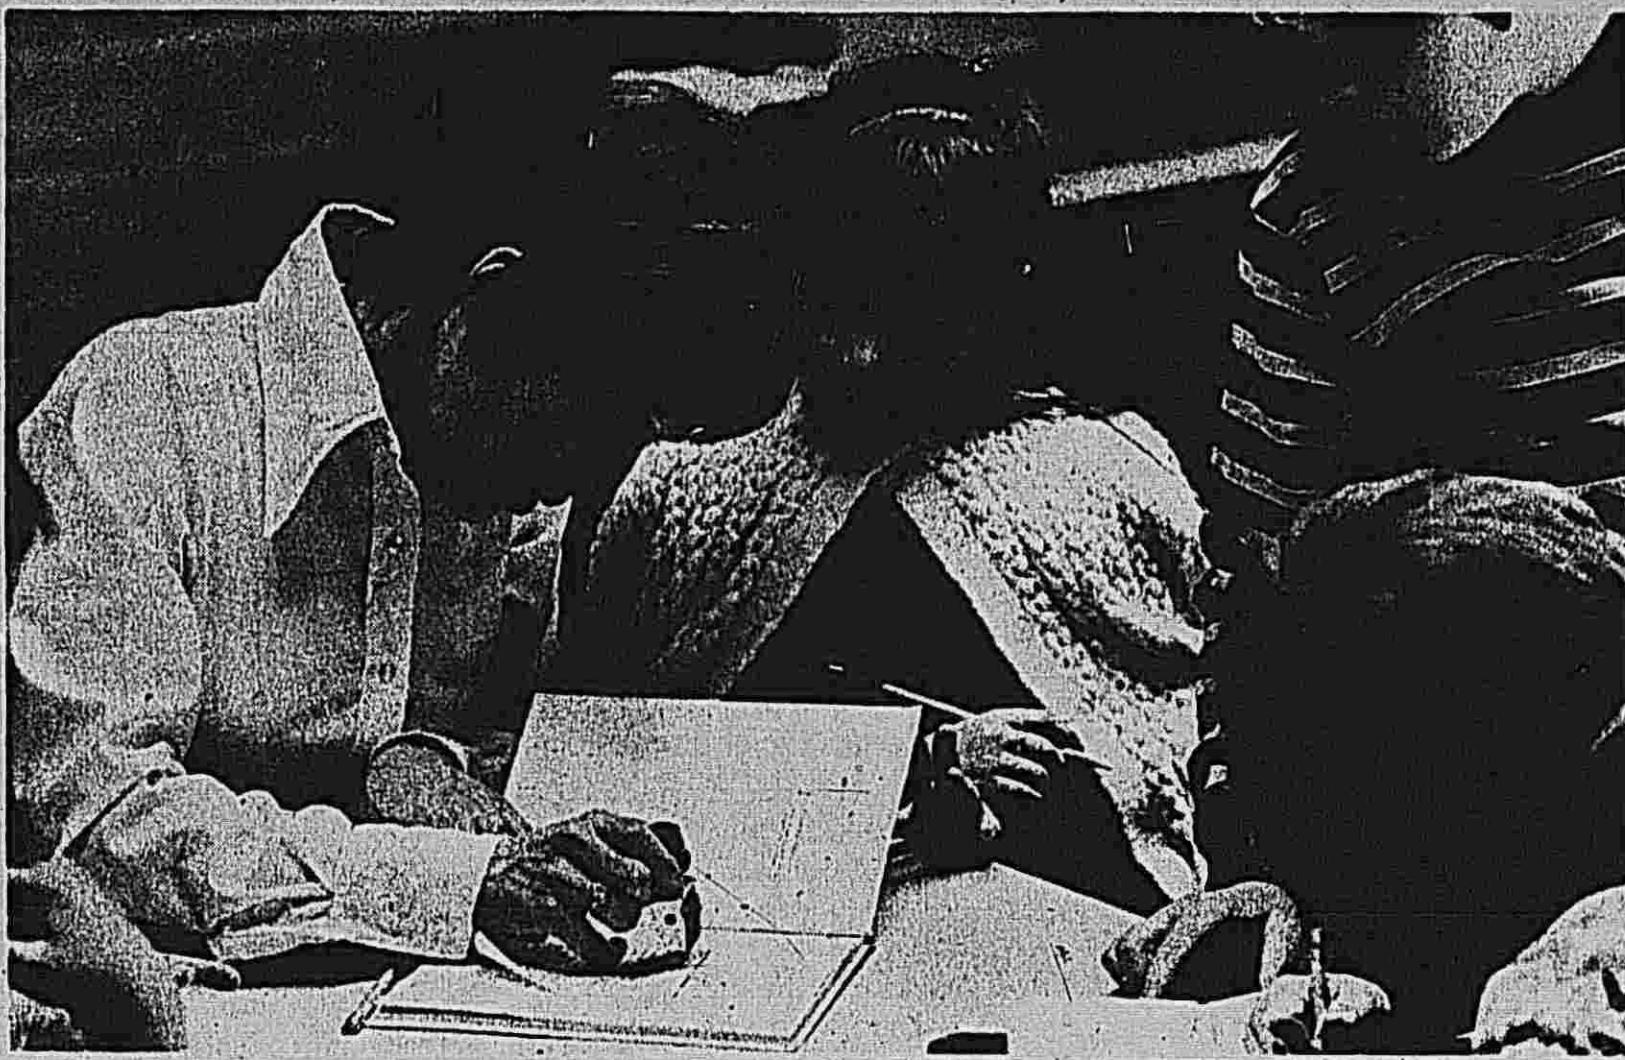

the Christian Science Lesson-Sermon on Sunday. This is a weekly compilation of selected references from the Bible and the denominational textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

During the week, the same references serve as a Bible Lesson on a specific topic such as God, Man, Reality, Sacrament, or Matter. It is studied daily by Christian Scientists throughout the world. Read at the Sunday service, it becomes the sermon. Hymns, prayer, responsive reading by the congregation, and a solo constitute the rest of the service.

The Wednesday evening meeting, conducted by the First Reader, includes a period when individual members of the congregation speak informally of experiences of Christian healing as understood in Christian Science.

ANTIOCH HIGH WIND ENSEMBLE

Library center is in full swing

Volunteer mother Sally Channon helps Kristine Cirone and Larry Marshall check books out of the new library center at the Antioch Grade School. The recent Fun Fair at the school raised \$500 for the purchase of additional books for the center. Anyone wishing to donate new or used books to the center are very welcome to do so. (Staff Photo)

STERBENZ KEEPS ATTUNED TO MUNICIPAL FINANCE

Village Clerk, Marilyn Sterbenz represented Antioch on March 12th at the yearly meeting of Municipal Finance Officers, which was held at Arlington Park Towers.

Of particular interest to Sterbenz was the discussion of

bond issues, which will be of utmost importance if Antioch is to have their own sanitary treatment plant.

Motor tax, fund accounting and special assessments were also discussed at the meeting.

CARPET AND FURNITURE
CLEANING

Ever wonder if a cleaning service could get your carpeting and furniture cleaner than you could with rented equipment? Well, I've done it both ways and the service really IS better!

Your cost in renting and buying isn't so cheap, then moving all that furniture is rough - controlling strange machinery is difficult and the probability of too much moisture or soap is inevitable. Besides all that, you just can't get the same results. With the right combination of ingredients our service can remove lipstick, ink, blood, rust, grease, dog urine, etc. Some furniture, dry cleans better, but even crushed velvets look bright and fresh. Then everything can be "stain-guarded" to repel dirt and moisture as they stay cleaner longer!

Cost? Well, estimates are free. Carpeting is priced at 8 to 10 cents a sq. ft. (domestic versus shag and specialty) and average chairs run about \$8.00. Sofas, \$20. A 10 x 20 livingroom won't be more than \$20.00.

This spring do it right - call us and let us do it for you!

Carol

**BITS AND PIECES**

By: Taffy Engelhardt

As the approaching year's end comes nearer and nearer, GAA is beginning to plan their usual Mother-Daughter Banquet. A general meeting was held on Tuesday to determine the theme for the Banquet. The theme chosen was OLYMPIA '73. On Thursday, everyone met to decide the decorations that will be used and what committee each member will be working on. The banquet will be held in the cafeteria at the end of April. Awards will be given that night. Also, new officers and colorguard members will be announced at this time. Those girls who do not help with the banquet or do not have enough points will be unable to attend.

Mr. Corrigan's English IV class has just finished studying logic and is now reading Gulliver's Travels, Brave New Worlds, and A Separate Peace. They will also be studying Lord of the Flies. Term papers are being put together at the same time. He does a fine job of keeping his class busy!

I've heard many plans for vacations during March and April. A group of juniors are going to Spain. Many are going to Florida and a few are going to such places as Colorado and Maine.

Basketball Season is now a thing of the past but it certainly was an exciting week. As you know, Antioch hosted Regionals. Since, Tuesday night saw McHenry as the victor and Wednesday was a victory for Antioch against Grant, the final playoff was between Antioch and McHenry. It was a very tense game. At one time, we were 9 points in the lead, but McHenry came on strong in the last half of the game. It was very disappointing to lose by such a close score, especially on our home court. I couldn't help but feel resentful as the Warriors cut down our basketball nets and our own Mr. Polley presented them with the Regional trophy. But, it's past now and still we are very proud of our team. They played extremely well and we were with them all the way to the finish. It was a very successful season and one that will stick in our minds in years to come. Congratulations to our entire basketball team and coaching staff for such a successful season. We're very proud of all of them. Thanks to all of our supporters who kept the spirits high and made it a worthwhile season.

Saturday was an important day for band and choir. Round Lake hosted this year's solo and ensemble contest and Antioch came out in excellent standing. The Swing Choir and Girl's Ensemble received a first. Dave Rush, Sue Ball, Carol Wells, Jean Oelerich and Chris Lucas also received firsts for

SEQUOIT HAPPENINGS

their solos. There were several seconds and no one received anything lower than a second. Mr. Brooke and his band and choir students worked very hard and we were all very pleased with the results.

THE STATEMENT

Have you ordered your copy of "The Statement"? With the aid of B-J Rush Studios this publication is being produced by a few seniors at ACHS.

In this book with the use of words and pictures, we tell the story about the Class of '73. It will include the 3 previous years and all events of this year with formal dances and the team pictures.

"The Statement" is available for everyone. The cost of the book is \$4.00 and it can be obtained by either picking up a form in the attendance office or by merely sending your name and address with a check to B-J Rush Studios. This book will be sent to the subscriber shortly after graduation.

MINI-COURSES AT ACHS

Mini-courses will be something new at ACHS - if it is oked, that is. A mini-course is exactly what it sounds like: a short lesson on any particular subject

HOMETOWN NEWS**RICHARD WARSING GRADUATES FROM U OF I**

Diplomas for 1,986 mid-year graduates of the University of Illinois at Urbana-Champaign now are being prepared. The total includes 1,225 baccalaureate and 761 advanced degrees.

No commencement ceremony is held and preparation of diplomas is begun only after all

grades are reported and verified. Diplomas will be mailed to recipients about April 1.

Richard W. Warsing of Orchard Street, Antioch, will receive a Bachelor of Science Degree from the Commerce and Business Administration College.

CADET M.J.TREMONT

Cadet Michael F. Tremonte, son of Mr. and Mrs. Peter A. Tremonte of Rt. 1, Salem, Wis., has been named to the Superintendent's List at the U.S. Air Force Academy.

Cadet Tremonte, a member of the class of 1973, was selected for his outstanding achievement in both academics and military performance. He will be granted special privileges and wear a silver star and wreath

designating the honor accorded him by the academy superintendent.

The cadet will be commissioned a second lieutenant and awarded a B. S. degree upon his graduation from the academy.

Cadet Tremonte, a 1968 graduate of Central High School, Paddock Lake, Wis., attended Carthage College, Kenosha, Wis., before entering the academy.

**PROGRESSIVE
PEOPLES PARTY**

DONKEY BASKETBALL AT ACHS

The Antioch High School PTA and the "A" Club are sponsoring their annual benefit on Thursday, March 22nd. This year the attraction is Duell's Donkeys, a basketball game

played on live donkeys. The riders will be the faculty and students of Antioch High School. The "Game" is hilarious and is enjoyable for all ages. There will be a preliminary game between two local grade school teams. This game will begin at 6:45 p.m. and will be followed by the donkey game. Donations are \$1.50 per ticket. All proceeds will be used for college scholarships and to buy needed athletic equipment. Everyone is invited to attend this event to be held in the Antioch gymnasium. Tickets are available from the PTA, "A" Club members, and at the school office.

Christopher Columbus was responsible for the thinking of modern government. He didn't know where he was going when he started; he didn't know where he was when he got there; and he did it all on borrowed money.

Week of March 16-22

ARIES (March 21-April 20): Concentrate on routine duties, avoid major new projects. Get plenty of rest to avoid health problems. Tact on your part will ease family tension. Follow your own intuition on financial matters. Best day: Thursday.

TAURUS (April 21-May 20): An excellent period for advancing career, scholastic ambitions. Don't permit minor frustrations to upset a happy frame of mind! Social activities of all types favored latter part of week. Best days: Friday, Monday.

GEMINI (May 21-June 21): Spend some time with loved ones this weekend. Contact with distant relatives can improve family harmony. Solar signs favorable for financial dealings, possibly involving a profitable investment opportunity. Best days: Monday, Thursday.

CANCER (June 22-July 21): Take some time off for yourself. A favorable weekend for shopping, social events. Career signs indicate an upturn in your progress at work. A check-up can ease health worries. Best days: Friday, Wednesday.

LEO (July 22-Aug 22): If you have been postponing a decision concerning personal life, now is the time to act. Friends will be sympathetic and understanding. A short trip may be on the horizon. Exercise caution if traveling very far. Best days: Sunday, Thursday.

VIRGO (Aug. 23-Sept 22): Creativity favored for those born under your sign this week. Extra effort can earn new recognition for your talents. Family problems could upset your own plans, but your cooperative nature makes for an easy adjustment. Best days: Monday, Thursday.

LIBRA (Sept 23-Oct 22): Planetary influences indicate a quiet period. Be considerate of plans made by mate or spouse. A new job or investment opportunity could be enticing. Be sure to read the fine print and consider all details. Best days: Tuesday, Thursday.

SCORPIO (Oct. 23-Nov 22): Weekend favorable for family outings. Solar signs favorable early in week for financial matters, investments. Creative period ahead if you exploit your talents. Best days: Sunday, Thursday.

SAGITTARIUS (Nov 23-Dec. 21): Family disputes could be upsetting over weekend. Try to demonstrate a patient attitude toward mate or spouse. If you've been thinking of seeking new career opportunity or a raise, Monday is a good day. Moon in your sign favors intellectual pursuits Thursday. Best days: Monday, Thursday.

CAPRICORN (Dec 22-Jan 20): Take time out from social affairs and catch up on rest over weekend. Not a period to launch new projects. Wait for a more opportune time. Be tactful with co-workers, associates to avoid unnecessary misunderstandings. Best day: Thursday.

AQUARIUS (Jan. 21-Feb 18): An excellent period for advancing a long-cherished goal. Contact with a friend or associate could be the key. Personal life may present problems later in week. Make your own decisions and stick to them. Best days: Friday, Wednesday.

PISCES (Feb. 19-Mar. 20): Take things easy over St. Patrick's Day holiday. Discuss problems with spouse or mate. You'll find a receptive audience. Solar signs indicate possibility of short trip that could prove profitable in business, career matters. Best days: Wednesday, Thursday.

This group of happy girls are smiling because they were victorious over the faculty women, winning two out of three volleyball games in the Sports Benefit at the Antioch Upper Grade School on March 10th. RETAILERS STUDY PARKING continued

Continued From Page 1
install back entrances, make the back of the stores presentable as well as lighting and painting alleyways.

Village Board member, Irving Walsh was present at the meeting and tried to bring the group up to date on what the Village is trying to do to bring the parking situation under control. He commented that the Village was considering making a thru road from Park Avenue to Depot Street. If this were done it would hopefully take some of the trucks off of Main Street as they would be able to make their deliveries in the rear of the stores. He also said the Village is planning parking on the east side of Main Street as well as a recreation area that is badly needed.

The second biggest issue of the night concerned traffic patterns. Several areas in the Village have been badly congested especially at peak times on Friday and Saturday nights. This is a difficult problem to solve since it is complicated by the fact that three highways run thru the Village including Rte 83, Rte 59 and Rte 173.

While traffic and parking were the biggest issues, unification was the main theme. To unite the whole retail community into a strong effective body, who will be able to solve the common problems facing them all.

Unification of the store fronts was discussed and the large

projecting signs in the Village fell under some criticism. All of the stores will soon be using a common advertising logo, and it was suggested all of the stores maintain the same business hours.

Store location maps were also suggested. This would be useful to those who are new in the community or visiting the area. The store location map may either be placed on several signs in various spots in the Village, or they may be placed in each store. This cross reference type map may even be made into pamphlet form and be distributed in stores and in welcome wagon packages.

Beautification of the area was not overlooked and Village merchants spoke of cleaning streets and sidewalks and removing some unsightly signs at the intersection of Rte 83 and Rte 173 and replacing them with a decent welcome to Antioch sign.

A voice in the government of the Village was also discussed. The merchants will work with the Village Board on the sign ordinance and they will begin to send representatives to the Village Board meetings. It is hoped better communication between the two bodies will help to identify the various problems and to hasten their solutions.

The retailers will meet on the first Tuesday of each month, the next meeting being on April 3rd. The retail committee will meet on the 13th of this month to start the leg work on some of the suggestions that were brought out at the meeting.

SUBJECT MATTER FOR PAINTINGS.....

Unless your picture is an abstract or non-objective painting, good subject matter is as important to the success of your picture as the actual painting. Do what you know best. Take your ideas from your own experiences, your own surroundings, your own part of the world. Unless you travel abroad, do not attempt to do the exotic landscapes as found in National Geographic or on calendars. At best, you will only be imitating what the camera has already recorded and what the printing process has reproduced, which is usually unnatural in color, such as too deep blue for sky and water, and too purple in distant mountains. If exaggerated color is your intention, you will key your color to what suits your ideas or emotions in your painting. Study Pieter Breughel, the Elder, a Flemish genre painter of the 16th century. He used good warm colors with staccato notes of bright reds and crisp whites to add to the gaiety of his merry scenes.

These were familiar to everyday scenes of his time which now have such quaint charm because we know they are from long ago. If you paint what is happening around you now, in centuries to come your picture might also be as enjoyable as Breughel's are for us now.

If you paint from experience, you will not only paint the scene but the emotions you had when you witnessed the scene. The Impressionists were after ef-

fects of sunlight on color, misty qualities of early morning, or steam in railroad stations.

We have similar experiences in fog coming up from our lakes, pollution from crowded highways, smoke from busy mills. And what about painting people in our scenes. We should do our own winterscapes with snowmobiling, skiing, ice fishing, etc. with the people in appropriate modern costumes. Compare these with Currier and Ives winter scenes of skaters in the costumes of their time and the horse drawn sleighs. Who's to say which are the best subjects? Time adds the charm and mellowes the commonplace.

There seems to be less portrait painting now. Perhaps because juried shows disqualify portraits as not being art. Portraits can be art if the subject appears to be engaged in an activity rather than be posed in their "Sunday Best." The following subjects might get past the judges: Grandma Peeling Potatoes, Dad Tying Fishing Lures, Little Mary Sniffing My Prize Rose, Johnny Hitting a Little League Homer, etc. These could be "Portraits", but more important they are the genre paintings of today that will be the "finds" of the future.

Use your camera as the Masters used their sketchbooks. Record everything around you as possible painting subjects. Find interest and beauty in your own world.

Happy Painting

Obituaries

MRS. LORETTA A. MC NICHOLS 56 years old of 561 Highland Avenue, Antioch, Illinois passed away suddenly at her home on Saturday, March 10th. She was born January 24, 1917 in Maywood, Illinois and had resided at Melrose Park, Illinois before moving to Antioch in 1957. She is a member of Faith Evangelical Lutheran Church in Antioch. Mrs. McNichols had been employed by the Gfco Manufacturing Co. at Grayslake for the past 13 years. She married Stephen T. McNichol on October 25, 1959 in Melrose Park.

She is survived by her husband Stephen T. McNichols - her mother Mrs. Carrie Lawrence (Antioch) and was preceded in death by her father Henry A. Lawrence.

Funeral services were held at 1:30 p.m. on Tuesday at Faith Evangelical Lutheran Church in Antioch. Rev. Kent Schroeder of that church officiated. Interment was in Arlington Cemetery at Elmhurst, Ill.

MRS. CLARICE BERNSTEIN - 71 years old of 114 Hilltop Road, Pistakee Heights Subdivision - McHenry, Illinois passed away on Wednesday, March 7th at Victory Memorial Hospital. She was born March 16, 1901 in Dongola, Illinois and moved to Carbondale, Illinois in 1921, Chicago in 1943, and McHenry in 1969. She had married Herman L. Roach in 1915 and he preceded her in death on March 17, 1943, and her second husband Jack Bernstein passed away on August 29, 1969. Survivors are 3 daughters Mrs. Pauline (Michael) Ruggio (Trevor Wis.) Mrs. Eva Jean (Doyle) Leonard (Cobden, Ill.) Mrs. Addie (Joseph) Mateja (McHenry, Ill.) 2 sons James (Joyce) Roach (Round Lake, Ill.) Don (Margaret) Roach (Chicago, Ill.) 6 brothers and 2 sisters, 17 grandchildren and 10 great grandchildren.

Funeral services were held at 9:30 a.m. Saturday at the Strang Funeral Home in Antioch. Reverend Harold Olson of the Fox Lake Baptist Church officiated. Interment was in Hillside Cemetery, Antioch, Illinois.

EASTER AND BABY CHICKS

With Easter just around the corner, many parents are thinking of buying baby chicks or ducklings as pets for their children.

These pets can bring much joy into the home at Easter time because of the delight they give small children. However, I would like to offer a few words of caution about these pets and salmonella.

Salmonella infection comes from the family of bacteria that causes food poisoning and gastrointestinal upset in animals and man.

There are over 1,200 types of salmonella bacteria, one of which causes typhoid fever.

Public health authorities have indicated that baby chicks, ducklings and turtles are notorious carriers of salmonella as well as vehicles of infections.

According to these officials, ducks and chicks "are recognized as one of the largest reservoirs of salmonella" and can predict with certainty, a marked increase of salmonella infections in children in the weeks following Easter.

In young birds, signs of salmonella include drowsiness, weakness and diarrhea. Ducklings become dehydrated, begin trembling and gasp for air.

Symptoms of the salmonella infection in man include fever, stomach cramps, vomiting and bloody diarrhea. Often this infection can result in extended hospitalization.

Generally, salmonella is not a fatal disease for humans. However, the infection can be quite dangerous for infants and elderly adults.

Children, who often spend

GOSPEL SERVICES IN RICHMOND

Gospel Services will be held at the Richmond Village Hall every Wednesday and Friday evening at 7:30 p.m. The talks will last for about 1 hour. They began March 9th and will continue thru the month of March.

Evangelists Alan Anderson and Weldon Burgess will conduct the bible study.

"PUT DOWN CRITICISM" CONTINUED

Listen this Sunday to the Christian Science Radio Series for some interesting insights on this question.

5:00 a.m. - WLS
6:45 a.m. - WEMP-Wis.

THE

TRUTH
THAT HEALS

more time playing with baby chicks and ducklings, are more susceptible to the disease.

Salmonella is a communicable type disease that can be spread to other members of the family and friends. Children ranging in age from three months to six years usually have personal hygiene habits that contribute to the spread of contamination and infections.

Kissing a pet, a popular habit of children, should never be allowed.

Both children and adults who are chronic fingernail biters, have become seriously ill with the salmonella infection after handling or close association with ducklings and baby chicks.

Parents and teachers should always insist that children who handle these pets wash their hands after each contact.

Also, any person responsible for the care of the pet should learn how to properly wash and sanitize their hands, clean the pet's food bowl and other equipment, to avoid contaminating the household environment.

There is no easy test for salmonella and pet stores that sell baby chicks and ducklings during the Easter season are required to guarantee the pets are free from the disease. However, if the baby chick or duckling you have purchased begins to show any of the signs of salmonella, check with your family veterinarian immediately to guard against the spread of this disease in your household.

Any sign; the sound of noise, sight of a symbol, the feel of an object, smell of an odor, taste of food tells you something. The

household.

Forest Preserve setting for family enjoyment, there will be a picnic table with accessories, the old-fashioned pump, and bicycles parked on the trail composed of asphalt with a gravel shoulder.

In this, the World's largest indoor Flower Show, Chicago land business and industry is

cooperating through sponsorship of major gardens to make the Show a truly remarkable example of civic pride and cooperation, and to show visitors in a colorful manner that they care about "every growing thing."

Under the co-sponsorship of the Chicago Horticultural Society and the Chicago Association of Commerce and Industry, predictions are that this Show will attract over 400,000 visitors during its nine day showing.

Colorful accents will be provided by full foliage plans, such as dogwood, honeysuckle, viburnum and Washington thorns.

To complete the typical

nature bicycle trail is the theme around which the Forest Preserve District of Cook County has designed their feature garden for the Chicago Flower and Garden Show, McCormick Place, March 24- April 1.

In a typical Forest Preserve setting, with a railroad tie retaining wall, there will be numerous bike trail signs as the paths meander through areas of giant trees, logs and natural ground covers of leaves, field grass and sticks. Display trees will include oak, ash, maple, hawthorne and crab.

Colorful accents will be provided by full foliage plans, such as dogwood, honeysuckle, viburnum and Washington thorns.

FRANK BENES ATTENDS STORM WATER CONFERENCE

Frank J. Benes, Precinct Committeeman of Precinct 4, and independent Candidate for Antioch Township Auditor spent Saturday, March 10 at a Storm Water Conference Co-sponsored by the Illinois Water Pollution and Water Resources Commission and the Northeastern Illinois Planning Commission at the Sheraton-O'Hare Motor Inn in Rosemont.

Frank had the opportunity to talk to Congressman Robert McClory pertaining to the flood control on the Chain O'Lakes and about the blockage at the Grass Lake Bridge. He also spoke to Colonel Wells, head of the Army Engineers Corp. pertaining to the Fox River and the Fox Valley survey.

With a Stern Eye

Winter is dragging itself, limp and dirty, from the premises, and in a burst of dying vigor it has deposited upon me the Grand Champion of all colds. The inside of my head throbs and whimpers and manufactures a constant unpleasantness which must be wiped away every few minutes. My nose is scarlet. My pallor is grey. My eyes moist and pink. Is there no relief anywhere for a suffering County Clerk?

We have had a taut schedule this past month or two. Although we are not conducting the Township and Village elections which seem about the county, we are constantly bombarded with questions. This year those questions center chiefly about the filing of Economic Interest statements. All over the County Building hearings have been held by various Electoral Boards which ultimately decided to remove this or that name from the April ballot. In other municipalities where no challenge was filed, candidates guilty of the same omissions remain undisturbed and in contention.

One such challenge revealed what seems to be an unmet need at the County level. A Vernon Hills citizen challenged the right of certain candidates of his village to run for April election on the basis that they had filed their statements of Economic Interest after the date required by law. Recent legal opinions seemed to add substance to his claim. In Bloomington the Attorney General himself had entered a case to urge the removal of late-filers from the ballot; in North Chicago that precedent was upheld.

The only way to discover if a candidate has filed his statement is to check with our office and so we became acquainted with all sorts of people who were interested in these facts. The gentlemen who filed the challenge in Vernon Hills, for instance, called to verify the dates involved and to ask our counsel. One of the areas in which we must tread very carefully is that of offering advice and opinion. The County Clerk, at least this one, is not a lawyer and for me to offer a legal opinion would be presumptuous or worse. When pressed, we refer the caller to

the State's Attorney who may or may not be willing to go out on a limb himself.

We gave Mr. Vernon Hills the information he sought - i.e. the dates on which the candidates had filed their statements and the facts of the Bloomington and North Chicago cases which he requested. Did we think he should have a lawyer with him at the hearing of his local Electoral Board, he asked. Yes, probably it would be a good idea.

When he phoned the next day to keep us apprised of proceedings, he told us that the lawyer to whom he spoke had agreed to accompany him to the hearing for \$1,500. After the gasp, he asked if we thought the State's Attorney would assign someone to accompany him.

Interesting question. The State's Attorney is the people's lawyer, right? He represents the people of his county by prosecuting for them. The Public Defender on the other hand, protects the accused who cannot afford to pay a private attorney. Who, if either one, should be available to assist a citizen of modest means who would challenge that which he feels is illegal? Not the Public Defender, that seems clear. Should the State's Attorney be expected to make himself (or one of his staff) available to act as a sort of legal advisor? Does that come under his duties as 'people's lawyer'?

Without even asking Mr. Hoogasian, I feel sure he does not have any extra personnel for this sort of duty. And I gather Mr. Challenger from Vernon Hills received similar - if more brusquely phrased - information when he called that office.

The idea of a legal ombudsman, available for just such situations as the one outlined above, is intriguing. His services might be employed when a citizen goes before the Board of Review to discuss lowering of real estate taxes; certainly the whole area of Elections, candidacy, re-counts etc. is fraught with opportunities for a public official to serve as legal counsel to the public.

Mr. Vernon Hills ended by representing himself. I had to testify at that hearing and his loneliness in that hostile room filled with the challenged and their official municipal counsel, was poignant and apparent. Without judging the rightness of his case, one had to admire his conviction and his guts.

There ought to be a better way....

THE WORLD'S THE LIMIT IN THE FOREIGN SERVICE

They must be at least 21, American citizens, high school graduates, in excellent health, and willing to serve at any of 300 Embassies and Consulates around the world.

Interviews will be held at the Illinois State Employment Service, 9th Floor, 40 West Adams. Hours are 9 a.m. to 4 p.m. Monday, Wednesday, and Friday; 12 noon to 7 p.m. Tuesday and Thursday. The telephone number is 793-4958 and no appointment is necessary.

LAKE COUNTY TOWNSHIP OFFICIALS ASSOCIATION MARCH MEETING

before the Township election --- will be a lot of election talk.

In the divisional discussions, there should be many things to talk about - public hearings, election, annual town meeting, budgets and levy, etc.

We should be thinking about the Annual Installation Banquet and Dinner Dance.

Mark your calendar for Thursday, March 15, 1973 - Holiday Inn - Gurnee at 8:00 p.m. Come and take part in the discussions. Bring a fellow member or two.

COMMUNITY PLANNING & ZONING SEMINAR AT CLC

The College of Lake County is offering a special non-credit seminar for people concerned with community planning and zoning.

"New Town," an educational community development simulation, will be held Friday, March 16, 7-10 pm and Saturday, March 17, 9 am-4 pm in the CLC Faculty Lounge at the Grayslake campus. The seminar is especially attractive to members of local plan commissions, zoning boards, and citizens interested in community planning. Participants fill the roles of investor, city councilman, planner and voter to build a new city for fun and profit. The simulation is enjoyable to play and provides unique educational insights into the way a growing community operates.

"TORK
TALKS"

by: Tork Torkelson
TRANSMISSIONS AND
REAR AXLES CONT'D

As for the standard-equipment rear-axle rear ratios that come with a particular engine, these are the ones Ford Motor Company engineers prescribe for average all-around use the way millions of motorists drive. There may also be a choice of a higher ratio in the model you select, or a lower one. The higher ratios (lower numbers) give greater fuel economy but are not best for heavy load-hauling, and the lower ratios (higher numbers) are best suited to heavy hauling, with a slight reduction in fuel economy.

Also, as with engines, the State of California has prescribed regulations which make it advisable for California car buyers to see their dealers concerning California stipulations on engines, transmissions and rear-axle gear ratios as a combination.

WAUKEGAN SPEEDWAY OPENS APRIL 7TH

The midnight oil is burning in the late model sportsman ranks around Waukegan as the opening date is just a month away.

The Waukegan Speedway officially opens its 1973 season Saturday night April 7. Practice on the first date will start on 4:00 p.m. with races at 8 o'clock. The Sunday night season for the late model super stock class will start May 6.

Ted Richter of Libertyville, the spokesman for the sportsman driver's group, says the larger purses agreed upon several months ago have changed a lot of driver's thinking...including his own.

Richter, winner of 16 races including five features last year, decided not to spruce-up last year's car, but rather to buy an all-new light-weight chassis and build a 1967 Chevelle. Last year his car was numbered 17, but this year he'll carry the Number 3 on his

doors...which is where he finished in the 1972 points.

Included in this new car will be a 350 cubic-inch engine and a quick-change rear end, a combination which will allow the 32 year old driver to try the Sunday night super stock class, too.

However Richter may elect to concentrate only on the sportsman class, trying to gain another top point finish and race in selected Sunday races. Ted, nicknamed "The Flying Fatman", will be starting his third season of oval track racing.

Richter, who operates the Lakeland Bus Company in North Chicago, expects a full field of sportsman to be ready for the opener with the fastest 36 qualifiers running in the night's events. Wednesday night March 14 will be the next drivers meeting at Bonnie's Cafe in Zion. The group will discuss safety rules and special events starting 7:00 p.m.

CHARMGLOW CELEBRITY PRO-AM GOLF TOURNAMENT AT ABBEY SPRINGS CELEBRATES 25 YEARS

The 7th Annual Charmglow Invitational Celebrity Pro-Am Golf Tournament will be held at Abbey Springs Country Club on Friday, June 22, 1973, it was announced today by Frank "Biff" Pancratz, Director of Golf at Abbey Springs, and Director of the Charmglow Tournament for the past six years.

This will be the second year for this tournament to be held at Abbey Springs in Fontana-On-Lake Geneva, Wisconsin. Last year's event coincided with the opening of both the new clubhouse and the golf course.

Competitors will be shooting for \$45,000 in cash, prizes and gifts this year. According to Pancratz, this is the world's richest one-day celebrity pro-am tournament ever held, topping last year's event by \$10,000. Eight new cars will head the list of prizes.

Competitors will include celebrities from the non-golf professional sports ranks; professional sports ranks; profes-

sional P.G.A. golfers from Illinois and Wisconsin; and amateurs from across the nation, including sports personalities from the Midwest TV, radio and print media.

The sports world celebrities

include representatives of the Chicago Bears, the Green Bay Packers, and other N.F.L. players; the Milwaukee Bucks, the Chicago Blackhawks and many other national teams in varying non-golf realms.

Each team will consist of five members: one celebrity, one golf pro; and three members. The entrants come from all over the United States for the two-ball, best-ball event.

Spectators will be welcomed at the tournament, with all gate receipts being donated to a local charity. Last year the proceeds were donated by Charmglow to the Christian League for the Handicapped in Fontana, Wisconsin.

Abbey Springs Country Club is part of the Resort Condominium Community, covering 320 acres bordering on Lake Geneva. The complex includes an extensive recreation core, and a residential area with both condominiums and single-family homes.

Charmglow Products are the nation's leading manufacturers of gas lighting fixtures and gas barbecue grills. Their headquarters are located in Antioch, Illinois, and their factory is in Bristol, Wisconsin.

IRA AUTO RACING FAN CLUB TO MEET

The first efforts to form an auto racing fan club for not only fans of the super modifieds of Interstates Racing Association, but of other types of competition cars, will get started on Thursday night March 15 at 7:30 pm at the Illinois Beach Lodge in Zion, Illinois.

Racing movies will be shown; discussions will be held regarding fan club activities and the group will learn how being a fan club member will entitle them to special reduced admission prices to special IRA races as well as the weekly races by IRA at the Lake Geneva Raceway.

This plan will also be in effect for two special races by IRA at the Santa Fe Speedway on Fridays May 11 and August 17.

Refreshments will be served. Anyone interested in auto racing activities is welcome to attend this meeting. No charge will be made for attendance.

DR. ADELMAN ON PLANNING AND DEVELOPMENT COMMITTEE

Dr. R. M. Adelman, assistant administrator and medical director, at St. Therese Hospital, has been appointed by the Illinois Foundation for Medical Care Executive Committee, to serve on the Planning and Development Committee's Ad Hoc Committee on Utilization Review Monitoring. Dr. Adelman has been medical director at the hospital since 1966.

many tests. I would like to take this opportunity to thank my relatives, friends and neighbors for their many calls, cards and the lovely flowers. They were greatly appreciated. Two other residents spending time at Victory Memorial are Elmer Eberman and Loren Kimmy. Please get well soon you two.

The Cub Scout Blue and Gold Dinner was held February 25th at the Conservation Club with the theme for the event called "Peace and Love."

Joan Barnes was the chairman of the very successful dinner with guests of honor being former Cubmaster, Peter Zeien and family, Mike Zeien and family and former Webelos leader Dan Groth and family. A special thank you was given to Mrs. Gerry Andre for her term of duty as den-mother.

Awards for the day were Den Mother Badge to Judy Gossman, Webelos Leader Badge to Ed Marsh, Asst. Cub Master Badge to Bruce Barnes and Den Mother 4 year pin to Kathy O'Connor.

Cub Scout awards were - 1 year pin to Mark Armstrong and Kurt Larson. Wolf Badge to Rick Gossman and Marshall Miles. Asst. Denner Card went to Donny Colle and Denner Card to Tod O'Connor. Don Purfeerst received a silver arrow. New Cub Scout Kieth Kresen was introduced to the Pack.

Jeff Andre was graduated into Boy Scouts in a special ceremony conducted by Boy Scout Jeff Gutowski.

A hat contest was held by the mothers and won by Dorothy Purfeerst first place, Jane Larson took second and Kathy O'Connor placed third. The highlight of the program was a visit by good ole Stubby Scout who never seems to miss a Blue

and Gold Dinner.

Wayne and Dolly Bobo hosted a 10th wedding anniversary party at the home of Tom and Dorothy Chase on Saturday evening March 3rd. Even the dense fog outside couldn't dampen the gaiety the 60 guests felt with the delicious buffet supper and refreshments, the great music and the all around party mood that surrounded everyone attending. Many happy returns to two very fine people.

Another birthday party held the same evening turned out to be the surprise engagement announcement of Tom Runyard and Sue Erhardt. The party was held at the home of Tom's parents, John and Margaret Runyard, with Tom and Sue's family and many friends attending to wish the young couple well. Congratulations to you both.

Birthday greetings to Jenny Rogers who was 4 years old on February 28th. Joe Gutowski celebrated on Saturday, March 10th with family and friends stopping by to wish him well.

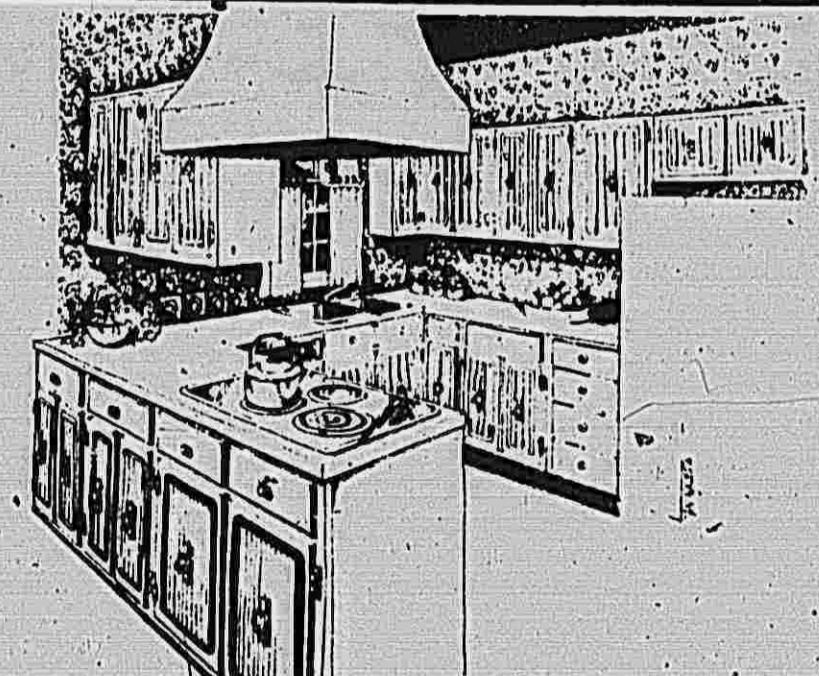

Kathy Chase celebrated her 17th birthday on March 10th with several of her Junior classmates at a party at her home. On Sunday Kathy celebrated again with her family. March 11th is actually Kathy's birthday. Kathy is the daughter of Tom and Dorothy Chase. Speaking of Dorothy Chase, the reason she was beaming last Tuesday and Wednesday couldn't possibly be the fact that she bowled a 228 game and a 549 series in last Tuesday's early league.

Belated birthday wishes to Ray Enzenbacher who remains a patient at the Veterans Administration Hospital at Hines, Illinois.

Let me know the news.

Louise

LAKE COUNTY IMPROVEMENT ASSOCIATION

MEETS

RESCUE SQUAD RECEIVES GRANT

The Lake County Health Improvement Association opened their 1973 Enrollment for new members last night (Tuesday, March 6th) in a meeting at the Rustic Manor in Gurnee.

Raymond Flood, Libertyville, president of the 3400-member organization, addressing the assemblage, said "Now, more than ever, individuals need a hospital-medical plan at low group rates, such as we offer." With hospital charges climbing ever upward an accident or siege of illness could wipe out an individual who does not have a good medical policy, Flood said. Lake County H.I.A. is a group

of civic and farm leaders, business men, self-employed persons and employees of small firms who are dedicated to the betterment of health for Lake Countians by bringing them the benefits of the Blue Cross-Blue Shield Hospital Plan at low group rates.

Flood said "Our plan returns 95 cents in hospital-medical services to our members for every dollar they pay in premiums." This is unmatched by any other hospital plan offered to the public, Flood said.

In an unprecedented move, Vice-President Harry H. Stern, Antioch, presented checks total-

ing \$1675 to five volunteer rescue squads in the county whose representatives were guests of the Lake County H.I.A. Ever desirous of improving health conditions for our citizens, Lake County H.I.A. decided that financial help to our volunteer rescue squads would go a long way to achieve these goals, Stern said.

The Gurnee Rescue Squad needed a power chisel and the necessary fittings costing \$250. They were given \$300.

The Fox Lake Rescue Squad requested a Model 9038 Survivair, a self contained protective breathing apparatus costing \$345. They got \$350.

Lake Villa Rescue Squad wanted a K-12 Saw costing \$350. It is used to cut through wrecked vehicles to rescue occupants. It was given to them.

Winthrop Harbor Rescue Squad asked for a Model No. 182 Inhalator-Aspirator, and an Ambu Resuscitator, both costing \$314. They were given a check for \$325.

Antioch Rescue Squad was

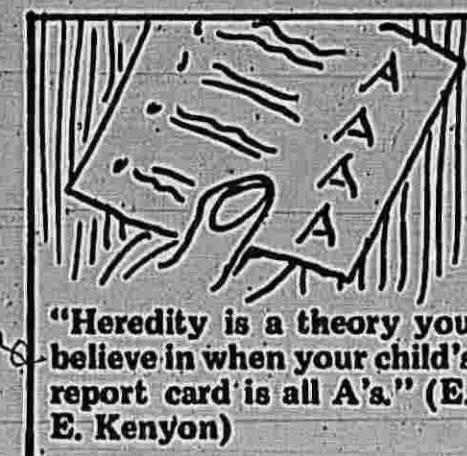

HELEN VOLK SCHOLARSHIP OFFERED

Two Helen Johnson Volk scholarships, each for \$500, are being offered for the second year by Lake County Home-

makers Extension Association. A college freshman grant is available to young people who have been 4-H members for at least 3 years between the ages of 9 to 19 and/or whose mother currently is a member of Homemakers.

The Home Economics scholarship, designed to encourage young people in fields related to Home Economics, is for students who have completed the freshman and sophomore years of college and are majoring in Home Ec or a related field. Only Lake county residents are eligible for the scholarships. Further information and applications may be obtained at the Extension Office, Fairgrounds, Rte 45, Grayslake.

Last year the freshman scholarship was divided because of almost identical grade point averages and similar school and community participation. Recipients were: Karen Dughi, Mundelein, and Richard Kubetz of Ingleside. The Home Economics grant was given to Judith Hevrdejs, Antioch, who attends the University of Illinois, Urbana.

"Heredity is a theory you believe in when your child's report card is all A's" (E. E. Kenyon)

COLLEGE OF DU PAGE CONDUCTS SPORT SEMINAR CLINICS

College of Du Page will be conducting a series of Seminar Clinics on Youth Baseball, Football and Ice Hockey over a period of four weeks beginning March 28, 1973. The purpose of these clinics is to aid parents, coaches and interested citizens with some of the common interests, concerns and information for improving the youth athletic programs in baseball, football and ice hockey in their community.

The following topics will be discussed at these Seminars. On Wednesday, March 28th - Purposes, Goals and Development of Youth Athletic Programs; on Wednesday, April 4th, Purchase, Care, Maintenance and Fitting of Athletic Equipment; on Thursday evening, April 12, Common Youth Athletic Injuries in Baseball, Football and Ice Hockey Programs - Their Prevention and Treatment; on

Thursday evening, April 19, Organizing A Team and Its Practices. These sessions will be conducted from 7:00 p.m. to 9:30 p.m. Early registration is advised since enrollment space is limited.

THINGS YOU MAY NOT KNOW ABOUT CONSERVING ELECTRICITY

Keep your thermostat constant.

When you set your thermostat at 70 degrees, your heating system warms your home to that point. Then it automatically turns the system off. Your insulation holds the heat inside as long as it can. When your home cools below 70 degrees, the thermostat starts the system reheating. It's easier on your heating equipment and your bill to settle on a desired temperature and leave your thermostat there. If you have a radiant heating system (baseboard or ceiling cable), usually 70 degrees is a comfortable setting.

Because of air movement, moving air systems may require settings somewhat higher. Every degree over 70 adds about three percent to your heating bill. If you're as comfortable at 72 degrees as 75 degrees, you can save almost 10 percent at the lower setting.

For additional savings, you may want to lower your thermostat at night and when you're away

from home for a long period of time. These principles apply essentially to all heating fuels—electricity, gas, or oil. We have a booklet that covers heating as well as other areas where you can conserve energy. We'll send a copy of "101 Ways to Conserve Electricity at Home" to you free. Just write Commonwealth Edison, Department AV, P.O. Box 767, Chicago, Illinois 60690.

ANTIOCH REGIONAL TOURNAMENT

Regional Tournament Championship.

In the first game of the tournament, McHenry beat Woodstock 59 to 48, to qualify for the championship game.

Game two of the tournament matched two Northwest Suburban powers Antioch and Grant. This was the third time the two teams met this year and the result was the same as before, an Antioch victory. The score was 55-52 with Tim Mieure leading all scorers with 21 points.

The game was close all the way, with Antioch in the lead all the time, except for 5 times when the game was tied. The largest lead was 5 points enjoyed by the Sequoits at half time.

Grant rallied in the 2nd half, but still fell 3 points short. Late in the fourth quarter a rebound basket by Harrison followed by a short jump shot by Hopkins tied the score at 48-48 with 2:40 left on the clock. The Sequoits followed with an excellent tip in by Gutowski and two free throws by Mieure to make the score 52 to 48 for Antioch. Then Lomas hit two free throws for an Antioch lead of 52-50. The Sequoits went into a stall and with only 46 seconds on the clock, Andrews was fouled. Mark then hit the first of two free throws for a 53 to 50 Antioch lead. Grant then had a hard time solving the Antioch zone defense, but with 7 seconds remaining Hopkins hit a short jumper to narrow the lead to 53-52. On the throw in, Tim Mieure was fouled and as only 5 seconds remained on the clock, Tim sank two free throws to end the scoring for the game and an Antioch victory.

Stated Coach Andrews, "Both teams played a little tight; but we had it at the end when it counts. Gutowski helped in the fourth quarter with the scoring, and Andrews grabbed three key rebounds in the last two minutes to help hold off the Bulldogs. Grant beat us on the boards, but we got the clutch ones at the right time. In all, I am real proud and pleased that the team beat Grant for the third time, a feat that's hard to do."

McHenry

On Friday evening, the Sequoits matched wits with the McHenry Warriors. In a hard fought game, McHenry edged Antioch 49-45 for the Antioch

Sequoits gave their fans lots to cheer about early as they moved out to an early lead. The first quarter ended with the Sequoits on top 10-6. With 3:49 left in the second quarter, McHenry tied the game at 14-14. At this point, the Sequoits scored 9 straight points to take a 23-14 lead to the locker room, with all of Antioch in a happy mood.

All happiness was to end for the Sequoits as the third quarter started. McHenry moved in and with their press scored ten straight points and took their first lead of the game 24 to 23. After 5:33 passed Andrews hit a short jump shot for the first Antioch score of the quarter. From this point on the game was up for grabs but McHenry always lead.

Early in the fourth quarter McHenry lead by six points a couple of times, but then late in the game the Sequoits put on a pass and almost pulled out the game as Gutowski hit a short shot and a steal by Popp and a nice pass to Mieure for a lay up cut the lead to 45-43. Antioch then lost a rebound to McHenry for an easy basket and McHenry followed that with a free throw for a 48-43 lead. Popp then scored on a beautiful base line drive to narrow the lead 48-45 with only 1:40 left to play. Then McHenry scored another free throw with only 1:02 on the clock - in the last minute the Sequoits had several shots but none would drop and the season closed on the Antioch Sequoits.

Coach Andrews stated, "this was a great group of young men to work with, they came a long way and gave us many exciting basketball games and great plays. It was a real pleasure to work with such dedicated young men. It was a disappointment not to win the regional tournament as we sure did want this tournament and the kids sure did deserve to win."

The final season record of 17 wins and 8 losses is a very good record and one I am sure all Sequoit fans are real proud of. I would like to thank all the loyal Antioch fans for their support all year and I am sure the team appreciated having you cheer for them. THANKS SEQUOIT FANS. I am real proud of the team, they played very good basketball and were never out of any game they played."

Mark Andrews goes up for a shot while Sequoit Vic McGuire looks on. (Staff Photo)

SCHOOL OF MILITARY SCIENCES NEEDS APPLICANTS

The U.S. Air Force has a continuing need for qualified applicants to enter the School of Military Sciences, Officer (SMSO) for subsequent commissioning and entry into flying training according to Master Sergeant Joseph Kuczala, local Air Force recruiting representative.

Applicants for pilot, navigator and helicopter pilot training programs must possess a four-year college degree, obtain a qualifying score on the Air Force Qualifying Test, and successfully complete a flying physical examination. They must be able to be commissioned and enter flying training before attaining the age of 27½. Waivers for age up to 28½ years and for eye refraction standards will be considered for navigators, if applicants are otherwise exceptionally well qualified. For further information, contact Master Sergeant Joseph Kuczala, in Waukegan or call 623-8290. 623-8290.
